Subject: Monterey Peninsula Water Supply Project (MPWSP) Governance Committee Response to Cal-Am Notification #16

Dear Mr. O'Halloran:

On September 18, 2019, the Governance Committee completed its review of Cal-Am Notification #16 – Execution of Construction Contracts for the Slant Well Intake System – Civil Work and Castroville Pipeline. After discussion and receipt of public comment, Governance Committee members Mary Adams, Bill Peake and I voted to recommend that Cal-Am contract with Monterey Peninsula Engineering for construction of: (a) the Castroville Pipeline Project, and (b) the Slant Well Intake System – Civil Work.

Thank you for providing regular updates to the Governance Committee on progress on the MPWSP, and for your continued cooperation to ensure the public is involved with decisions related to the project.

Respectfully,

Molly Evans, Chair
Monterey Peninsula Water Supply Project
Governance Committee

pc: Lori Girard, California American Water
