Dear Mr. Walker:

On December 14, 1992, the Monterey Peninsula Water Management District Board of Directors unanimously approved the revision to Section 6.4 of the Agreement for Sale of Reclaimed Water with Robert Louis Stevenson School, and authorized staff to execute the agreement.

Attached you will find one executed original of the Agreement, and a copy of Resolution No. 92-15 adopted by the District Board on October 29, 1992. I will also forward a copy of the minutes of the December 14, 1992 Board Meeting which evidences Board approval of the revised Section 6.4, after they are approved by the Board on January 28, 1992.

By copy of this letter, I am also transmitting a second set of documents, including one executed original of the Agreement, to Joseph Wandke at Robert Louis Stevenson School.

Thank you for your assistance in bringing this matter to a successful conclusion.

Sincerely yours,

A handwritten signature in cursive script that reads "Margo Nottenkamper".
