SUBJECT: Appeal to denial of Rebate Application for Lawn Removal at 1179 Waring

Street, Seaside.

APN: 012-401-082-000

Dear MPWMD,

I'm writing to ask for an appeal on the recent letter I received stating that our lawn rebate application has been denied. I was not aware that the follow up inspection needed to happen with in six months of the application date. The original lawn has been removed and we have nearly completed the installation of draught tolerant California native species. The total lawn to native replacement is 1,700 square feet. We have worked very hard to make this happen but we had many home improvements going on at the same time. Please see attached before and after photos.

We are dedicated to water conservation and hope to install a water catchment tank this summer to further decrease our impact on our local rivers and aquifers. We are also active with our local sustainability group and our home will be featured on a green homes tour this fall. We hope to lead by example and encourage others to conserve.

Please reconsider our application. Thank you very much.

Sincerely,

Emily A. Smith

Subject: Rebate Application for 1179 Waring Street, Seaside APN: 012-401-082-000

This letter is to inform you that the District received your application for rebate for Lawn Removal and Replacement. Please refer to Rebate Number <u>7781</u> when corresponding with the District. The following items will be required to process this application:

Inspection has been scheduled for April 21, 2010.

- ✓ Provide a Site plan of the current landscaping; include detailed measurements of the turf area.
- ✓ Provide a Site plan showing the area and what will be installed in place of the turf.
- ✓ Allow a second inspection once lawn replacement has been done.
- ✓ Sign Notice and Deed Restriction for Limitation of Use of Water pertaining to Lawn Removal and Replacement for recordation on the property title.

All of the above steps must be completed before the District can process payment.

This application is considered denied until the above conditions have been met. The denial of a rebate application is a final determination of the Water District's General Manager. Final determinations of the General Manager may be appealed to the District Board within twenty-one (21) days after any such determination pursuant to District rule 70.

Emily Smith 1179 Waring Street Seaside, CA 93955

Subject: Denial of Rebate Application for Lawn Removal at 1179 Waring Street, Seaside APN: 012-401-082-000

Dear Ms. Smith:

On April 5, 2010, the District received a rebate application for the removal of lawn with rebate at the above property. District Rule 141.D.8.C, Conditions of Approval, states, "Removal of Lawn shall require documentation of existing conditions and submittal of a pre-application. This review shall document the existing Lawn and shall include a follow-up inspection to document removal of the Lawn and replacement with low water use plants or permeable surfaces and/or installation of Synthetic Turf. These actions, along with submittal of a complete Rebate Application and recordation of Deed Restrictions, shall occur within six months to qualify for a Rebate."

The actions required to complete your application were not taken within six months, therefore your application is being denied. This decision to deny a Rebate for Lawn removal is an appealable decision of the General Manager. If you believe this information is incorrect, you may appeal to the Board of Directors, in writing, within twenty-one (21) days pursuant to District Rule 70. An appeal may be filed by the applicant or any other person.

The District is no longer accepting applications for Lawn removal Rebates. If you wish to reapply when a future Rebate program is available, you will be required to meet the terms of that program. If you have any questions, please call me at 831-658-5634.

Sincerely,

Debbie Martin
