Subject: RE: Request Nominees for MPWMD Ordinance No. 152 Citizen's Oversight Panel

Arlene:

MCAR appreciates the opportunity to have a representative on the Citizen's Oversight Panel. We are submitting the following names for consideration.

Rick Smith, Coldwell Banker Del Monte Realty, Carmel
Christine Monteith, The Jones Group, Coast & Country, Pacific Grove
Noni McVey, Sotheby's International Realty, Carmel

Aside from their place of business, all candidates personally reside within the MPWMD service area.

4 yr: -1

Arlene:

Rick Smith has been a REALTOR® with us since 1985. He has been actively involved with our Government Affairs Program at the inception in the mid 80's and served as chair. He is well versed on peninsula governments and is an advocate for community involvement. He has been involved in sale of some of the Peninsula's most historic properties, including the Holman Ranch, Rocky Creek Ranch, etc, thus making him uniquely aware of the issues involved with water and water rights.

Christine Monteith has been a REALTOR® in our area starting in 2002. She is originally from Canada and worked for ABC television in New York. Christine has been involved in our Government Affairs Program, serving as the chair in 2008 and also serves on the Local Candidate Recommendation Committee (LCRC), a Political Action Committee which interviews candidates running for office. She was chair of that committee in 2011. Christine is also a founding member of StepUp2Green in Monterey County.

All three candidates, Rick, Christine and Noni McVey are well versed on issues surrounding the communities they serve. They are bright, open minded and articulate and would be a complement to the Citizen's Oversight Panel.

Sandy: Thank you very much for the quick response! We are familiar with Noni McVeigh, but have had little contact with Rick Smith or Christine Monteith. Could you provide some background information on Rick and Christine? We can see on your website that Christine is a member of your LCRC committee. What is the LCRC committee? The additional information will be helpful to our Board in making a decision on committee membership. Thank you.
