Consider Application to Amend "Bosso-Allison"
Water Distribution System:

APN 187-561-003 and-187-561-004 (well location);
25 and 25 Via Milpitas, Carmel Valley

A public hearing by the MPWMD Staff Hearing Officer is scheduled on:

Date: Tuesday, October 20, 2009

Time: 2:30 PM

Location: MPWMD Conference Room, 5 Harris Court, Bldg. G, Monterey (Ryan Ranch)

Approval of the application enables use of an existing water well on APN 187-561-004 to provide drinking water for a proposed new caretaker unit and pool on the adjacent parcel APN 187-561-003, in addition to continued landscape irrigation on both parcels that has occurred for many years. California American Water currently supplies the existing residences on both parcels, and there would be no change to that use.
