**RESOLUTION NO. 2013-10**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE  
MONTEREY PENINSULA WATER MANAGEMENT DISTRICT  
ADOPTING THE BUDGET FOR FISCAL YEAR 2013-2014**

**WHEREAS**, the General Manager has proposed a budget for Fiscal Year 2013-2014, a copy of which is on file at the District's office.

**WHEREAS**, the Board of Directors has examined and deliberated on the budget during meetings held on May 20, 2013 and June 17, 2013.

**NOW, THEREFORE BE IT RESOLVED** by the Board of Directors of the Monterey Peninsula Water Management District as follows:

1. That the said budget as approved at the June 17, 2013 Board of Directors meeting is hereby approved and adopted as the budget for the Monterey Peninsula Water Management District for Fiscal Year 2013-2014.
2. That the General Manager may delegate the authority to implement this resolution to the Administrative Services Manager/Chief Financial Officer.
3. That the General Manager is authorized and directed to transfer funds from one activity to another within a given fund, and from one Division to another Division, as such times are appropriate, in accordance with generally-accepted accounting principles and consistent with the objectives outlined in the approved budget.
4. That any contract for professional services, or other expenditures for procuring equipment, supplies or services, included in the budget that exceeds \$2,000 shall be executed by the General Manager only upon approval by the Board of Directors at a meeting of the Board of Directors.

On a motion by Director Lehman and seconded by Director Lewis the foregoing resolution is duly adopted this 17<sup>th</sup> day of June 2013 by the following votes:

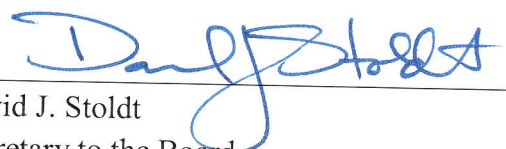

Ayes: Directors Lehman, Lewis, Brower, Byrne and Pendergrass

Nays: None

Absent: Directors Markey and Potter

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 17<sup>th</sup> day of June 2013.

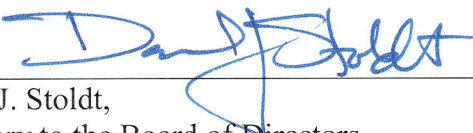

Witness my hand and seal of the Board of Directors this 17<sup>th</sup> day of June 2013.

David J. Stoldt  
Secretary to the Board

**COPY CERTIFICATION**

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify the foregoing is a full, true and correct copy of Resolution No. 2013-10 duly adopted on the 17th day of June 2013.

June 17, 2013

Chairperson Pendergrass and Board Members  
 Monterey Peninsula Water Management District  
 5 Harris Court, Building G  
 Monterey, California 93940

Dear Chairperson Pendergrass and Board Members:

### ***Budget Overview***

This letter transmits the recommended budget for Fiscal Year (FY) 2013-2014. While preparing the budget, District staff was mindful of the continuing uncertain economic conditions as well as the current status of the District's existing funding sources. In preparing this year's budget, staff adhered to the strategy to adopt balanced budgets as directed by the Board of Directors in 2005. The FY 2013-2014 Budget does not include use of reserves in order to maintain District programs and services, however, it does assume continued collection of the previously adopted Water Supply Charge and continued collection of the Carmel River Mitigation Program revenue from California American Water.

After compilation of the original requests from all Divisions, a detailed review, and numerous adjustments by Division Managers and the General Manager, culminated a balanced budget with proposed expenditures and revenues for FY 2013-2014 totaling \$15,319,714, of which \$5,268,595 or 34% includes reimbursement funds from grants, California American Water and other agencies.

### ***Expenditures***

As shown in the graph on the right and in the expenditures portion of the FY 2013-2014 Budget, the budgeted expenditures of \$15,319,714 increased by 8% from the amount budgeted in FY 2012-2013. Most of the increase is attributed to the project expenditures portion of the budget. The project expenditures portion of the budget includes \$4,925,718 towards water supply projects (Aquifer Storage Recovery Project, Groundwater Replenishment Project, Alternate Desal Project, Local Water Projects, and other Water Supply Projects),

Chairperson Pendergrass and Board Members

Page 2 of 3

May 20, 2013

\$331,100 towards mitigation projects, \$79,250 towards public outreach, \$87,500 towards non-reimbursable conservation & rebate program activities, and \$5,104,394 towards reimbursement project costs. The reimbursable project expenditure budget includes funds for the operation of Water Projects 1 & 2. The budget was prepared with the assumption that Cal-Am would continue to reimburse the District for the operation of Water Project 1, and reimburse the cost of both operation and construction of Water Project 2.

Other large project expenditures include \$168,300 for the operation of the Sleepy Hollow fish rearing facility and related fish rescue activities, \$77,200 for riparian and erosion control activities, \$78,900 for lagoon and hydrologic monitoring, \$400,000 for landscape irrigation audits related to water conservation, \$150,000 for a school retrofit grant program, and \$750,000 for water conservation rebates. The latter three amounts are also reimbursable by Cal-Am. The expenditure budget also includes \$610,000 for design and permitting and phase 1 construction of a new water intake system at Sleepy Hollow, \$594,200 for the Integrated Regional Water Management Project, and \$81,933 for Steelhead counting station components. These three projects are funded by various grants.

The budget for legal expenses is \$400,000 which is maintained at the same level from last fiscal year. The budget also assumes payment of \$230,000 for debt service (interest and principal) towards the Rabobank ASR loan. The FY 2013-2014 Budget also includes a Capital Improvement Project Forecast as requested by the Board of Directors in 2005.

**Revenues**

The FY 2013-2014 revenue budget totals \$15,319,714 with no use of reserves. This budget assumes collection of the previously adopted Water Supply Charge for FY 2013-2014. This budget also assumed continued collection of the Carmel River Mitigation revenue in the amount of \$1,801,800 from California American Water. This projection is based on 10% increase from prior year's revenue as stipulated in the Agreement between MPWMD and California American Water. Property tax revenues are projected to be about \$1,403,000 which is the same amount budgeted in FY 2012-2013. Connection charges are estimated to be \$175,000, permit revenues are budgeted at \$231,000 are both projected at the same level as prior fiscal year. Projected revenues also include reimbursements of \$430,005 from Cal-Am for Water Project 1 and Water Project 2 operational costs, \$1,942,007 from Cal-Am for construction costs related to Water Project 2, \$1,451,200 from Cal-Am for rebates and other water conservation activities, \$94,000 for services provided to the Seaside Basin Watermaster, and \$1,291,133 in grant funds for various activities as detailed in the expenditure section of the budget.

Chairperson Pendergrass and Board Members

### **Reserves**

The following table summarizes the ending balances in the reserve accounts. There is minor change to reserve balances from this budget:

| Reserve Description          | Balance<br>07/01/13 | FY 2013-2014<br>Change | Balance<br>06/30/14 |
|------------------------------|---------------------|------------------------|---------------------|
| Prepaid Expenses Reserve     | \$44,743            | \$0                    | \$44,743            |
| Insurance/Litigation Reserve | 250,000             | 0                      | 250,000             |
| Flood/Drought Reserve        | 443,944             | 0                      | 443,944             |
| Capital Equipment Reserve    | 304,100             | 0                      | 304,100             |
| General Operating Reserve    | 416,706             | 1,187                  | 417,893             |
| Totals                       | \$1,459,493         | \$1,187                | \$1,460,680         |

As the table indicates the General Operating Reserve is expected to have a balance of approximately \$417,893. Total reserves at June 30, 2014 are projected to be \$1,460,680, or 9.5% of the operating budget.

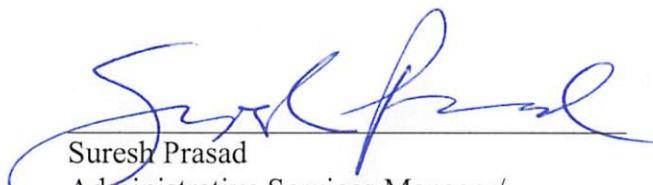

### **Summary**

The 2013-2014 Budget was prepared using the strategies adopted in 2005 by the Board of Directors to adopt balanced budgets on an annual basis. The FY 2013-2014 Budget does not include use of reserves. This budget assumes continued collection of the District's two main sources of revenues (Water Supply Charge and Carmel River Mitigation Program), which will allow the District to maintain most service levels currently provided by the District, and sustain its ability to achieve the objectives in the District's Strategic Plan, including Mission and Vision Statements. The District Management Team would like to thank the Board of Director's and other District employees for their contributions and participation in the development of the FY 2013-2014 Budget. They have made a direct contribution to the development of the budget under difficult circumstances and we acknowledge their efforts. As always, this challenging process has produced an excellent document worthy of recognition.

Respectfully submitted:

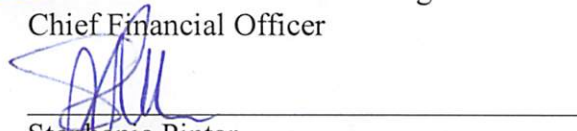

David J. Stoldt  
General Manager

Suresh Prasad  
Administrative Services Manager/  
Chief Financial Officer

Larry Hampson  
Planning & Engineering Manager/  
District Engineer

Stephanie Pintar  
Water Demand Manager

Joe Oliver  
Water Resources Manager

#### MISSION STATEMENT

*The mission of the Monterey Peninsula Water Management District is to promote or provide for long-term sustainable water supply, and to manage and protect water resources for the benefit of the community and the environment.*

#### VISION STATEMENT

*The MPWMD:*

- 1) will strive to ensure a public role in development, ownership, and oversight of water supply solutions in collaboration with private or other public entities, resulting in sustainable, legal, affordable, and environmentally responsible water supply, consistent with adopted general plans;*
- 2) shall carry out its leadership role in water resource management in a fiscally responsible and professional manner.*

FY 2013-14 Budget

Monterey Peninsula Water Management District  
Divisions  
Fiscal Year 2013-2014 Budget

**Planning & Engineering**

The Planning and Engineering Division activities include review and investigation of proposed water supply projects, evaluation of proposed Carmel River water rights decisions, preservation of existing District water rights, coordination of Water Distribution System permits, implementation of portions of the Carmel River Mitigation Program, and coordination of water resource management throughout the District.

- Water Supply – Analysis of impacts and benefits of proposed water supply projects; review and completion of environmental compliance documents under the California Environmental Quality Act and National Environmental Policy Act); completion of Engineer’s Reports;
- Water Rights – Coordinate District review of proposed Carmel River water rights issued by the State Water Resources Control Board; track and preserve existing District water rights; prepare applications for changes to District water rights;
- Water Distribution System (WDS) permits – Review and process applications for WDS permits; make determinations of level of review; coordinate staff, consultant, and District Counsel work on WDS permits; prepare findings; issue WDS permits;
- Carmel River Mitigation Program – Conduct Carmel River restoration projects, including problem assessment, design, bid preparation, permit acquisition, construction management, and project monitoring; install, operate, and maintain high-volume irrigation systems along 15 miles of the lower Carmel River; monitor and assess streamside conditions; provide technical assistance to river front property owners; determine erosion potential; enforce District rules for the Carmel River; assist the Water Resources Division with steelhead rescues and Sleepy Hollow Steelhead Rearing Facility operations; provide technical analysis and advice to agencies responsible for Carmel River lagoon management;
- Integrated Regional Water Management (IRWM) – facilitate the development and implementation of a comprehensive IRWM Plan for the Monterey Peninsula region, including projects involving Carmel River resources, groundwater, recycled water, desalination, stormwater, flood control, ecosystem restoration, water conservation, and public recreation; conduct stakeholder outreach; prepare grant applications for specific projects; administer grant funds on behalf of the District and local area project proponents.

Monterey Peninsula Water Management District  
Divisions  
Fiscal Year 2013-2014 Budget

**Water Demand**

The Water Demand Division provides information and programs to achieve efficient water use and maximize available supplies. This is achieved through community education and outreach, development of incentives and training programs, and by implementing and enforcing permitting and conservation regulations, thereby reducing the community's need for potable water. The Water Demand Division strives to provide responsive and accurate customer service that exceeds the expectations of the people we serve.

Services include customer service related to permit review and processing, conservation program administration and reporting, site visits and inspections, water waste and rationing enforcement, rebate program administration, and data management and data systems design related to demand management. Other services include project and program coordination and training with eight local cities and county, local water purveyors, local and statewide agencies, builders, contractors, architects, Realtors and others. The Water Demand Division also reviews projects for environmental compliance related to water supply, collaborates with jurisdictions to develop and track efficiency standards and conditions for development projects, assists with ratemaking and proposes policies and programs to encourage and promote indoor and outdoor water efficiency, conservation, reuse, alternative water sources, and non-residential best management practices.

FY 2013-14 Budget

Monterey Peninsula Water Management District  
Divisions  
Fiscal Year 2013-2014 Budget

**Water Resources**

The Water Resources Division (WRD) is comprised of two staff functional units, the Hydrologic unit and the Fisheries unit. Program responsibilities and services provided include surface and groundwater data collection and reporting programs, fishery protection activities in the Carmel River basin, quarterly water supply strategies and budgets for Cal-Am's main and satellite water distribution systems, and the annual Carmel River Memorandum of Agreement among Cal-Am, CDFG and the District that governs reservoir releases to the lower Carmel River during the low-flow season. WRD staff coordinates closely with the Planning & Engineering and Water Demand Divisions on certain activities to more efficiently share internal staff resources and expertise.

Water Supply – Develop and implement plans for water supply augmentation projects; design, permit, construct, operate Seaside Basin ASR projects; analyze water supply project alternatives; operate water resources simulation models.

Fisheries Resource Program - Rescue stranded steelhead from the Carmel River; rear rescued fish at the Sleepy Hollow Rearing Facility (SHSRF); rescue downstream migrant smolts in spring and transport them to a holding facility or the ocean; prevent stranding of early fall and winter migrant juvenile steelhead; rescue steelhead kelts and transport them to a holding facility or the ocean; support future interagency captive brood-stock program for landlocked steelhead during successive years of drought; prepare designs, retain contractors and manage construction contracts for SHSRF projects.

Hydrologic Monitoring Program - Conduct: (a) precipitation monitoring, (b) streamflow monitoring, (c) reservoir and groundwater storage monitoring, (d) surface water and groundwater production monitoring, (e) surface water and groundwater quality monitoring, and (f) Carmel River lagoon water level, quality, bathymetric and habitat and groundwater production monitoring. Associate Hydrogeologist

Water Resources Management – Prepare quarterly water supply strategy budgets; participate in annual Carmel River Low Flow Memorandum of Agreement process; conduct monitoring and management functions as part of Seaside Basin Watermaster Monitoring & Management Plan; provide technical assistance and expert testimony on Cal-Am rate cases before the CPUC; prepare annual Mitigation Program reports.

Water Use and Permitting – Collect, analyze and report data from approximately 1,000 wells and other sources for annual District-wide water production summary; coordinate with Planning & Engineering and Water Demand Divisions on Water Distribution System permitting.

FY 2013-14 Budget

# PERFORMANCE MEASURES SUMMARY

## GENERAL MANAGER'S OFFICE

| Program Category           | Performance Measure   | Measurement Intent  | FY 2012-13 Actual | FY 2013-14 Target |
|----------------------------|---|---|-------------------|-------------------|
| General and Administrative | Expend new Water Supply Charge on development of water supply projects  | Successful funding of ASR, GWR, Local projects, alternative back-up plans, and additional water supply work. Achieve agreement by Cal-Am for a public contribution for desalination to reduce cost to ratepayers. | n/a               | 100%              |
| General and Administrative | Secure permanent funding source to replace User Fee and expand revenues for water supply projects; Defend any litigation. | Passage of new annual water use fee through Prop 218 process; Successful legal defense if required; Funding of ASR, GWR, and additional water supply work.  | 100%              | 100%              |
| General and Administrative | Evaluate programs at functional level and make recommendations to Board for possible changes in activities and/or costs   | Review and identify essential functions of District divisions. Prepare recommendations to Board for use in 2014-15 budget planning.   | 40%               | 100%              |
| General and Administrative | Strategic Planning  | Advance 1-year and 3-year strategic goals developed during 2012-13 for use in 2013-14 budget planning; Report progress to Board.  | n/a               | 100%              |
| General and Administrative | Strategic Planning  | Develop new 1-year and revise 3-year strategic goals during 2013-14 for use in 2014-15 budget planning; Do so interactively with Board.   | 100%              | 100%              |

| <b>June 17</b>               | Board Adopts Budget<br>Board Sets Appropriation Limit | Board of Directors      |

# Glossary

## **Article XIII (B):**

Article XIII (B) is a section of the California State Constitution relating to the amount of a public entities tax revenues that may be expended in a given fiscal year. In the instance of the MPWMD, the article limits the amount of property tax revenue that may be spent in a fiscal year. It is calculated based upon the prior year's limit multiplied by a factor representing annual growth in population and consumer prices. The latter is furnished by the State Treasurer's Office. The calculation, required since the passage of Proposition 13 in 1978, is contained in each District budget and is identified as "Property Tax Appropriation."

## **Budget Assumptions:**

The budget assumptions are generally accepted statements, which if untrue, would materially alter the financial planning and budget of the agency.

## **Capital Assets:**

Capital assets are equipment and components that have a useful life greater than one year and with an initial, individual cost of more than \$1,000 for equipment and \$5,000 for facilities and improvements.

## **Contingency:**

The contingency is a nominal amount budgeted for expenditure for unforeseen emergencies or special purposes requiring Board approval.

## **Designated Reserves:**

Designated reserves are funds set aside by the Board for specific, restricted uses. Examples include capital equipment, litigation, flood/drought, and pre-paid expenses.

## **Expenditures:**

Expenditures are associated with each operating fund, as well with each program category. Personnel costs, services and supplies, capital assets and project expenditures are the principal categories. A pie chart graphically shows percentages of expenditures by line item.

## **Fiscal Year:**

The fiscal year is the twelve-month period beginning July 1 and ending June 30 of the following year. The District uses the fiscal year as the basis for reporting financial information a twelve-month accounting period.

## **General Operating Reserves:**

General operating reserves are the balances in each operating fund of the District that remain after all budgeted expenses are paid. Normally, the general operating reserve balance is carried forward from one fiscal year to the next. The value is verified annually by the independent auditor and reported in the annual audit report.

**Labor Allocation by Operating Funds:**

The Labor Allocation by Operating Funds is a budget schedule that relates employee output to the three operating funds. It shows the output of each employee as a percentage of total time by operating fund. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the operating funds.

**Labor Allocation by Program Category:**

The Labor Allocation by Program Category is a budget schedule that relates employee output to the budgeted program categories. It shows the output of each employee as a percentage of total time by program category. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the program categories.

**Mitigation Revenue:**

This is the revenue derived from the Agreement for Carmel River Mitigation Program between California American Water and Monterey Peninsula Water Management District.

**Performance Measures:**

Performance Measures have been developed for various program categories to evaluate the level of services provided within the categories.

**Program Categories:**

Program Categories are major service programs that have been identified. All expenditures, including labor costs, are allocated to each program category in order to identify what each program actually costs.

**Project Expenditures:**

The Summary of Project Expenditures is a listing of costs for the coming year that are projected as a result of specific projects and programs carried-out by the staff, consultants and contractors. Project expenditures do not include staff compensation for regular employees.

**Reimbursement Revenues:**

Reimbursement revenues are received from various sources and allocated to offset expenditures related to the revenue source. These reimbursements received by the District are for projects carried-out by the District. Some of these reimbursements include grants, Cal-Am Water Conservation & Rebate Program funds, ASR operations reimbursement, direct-billed reimbursements, etc. All of the reimbursement revenues collected within the fiscal year is related to the expenses in the same fiscal year.

**Revenues:**

Revenues are derived from various sources and allocated to each operating fund. Property taxes, permits fees, water connection charges, water supply charge, mitigation program revenue, user fees, interest on investments, reimbursements to the District for projects carried-out by the District and grants are the principal revenue sources. Revenues may include a portion of the prior-year fund balance used to offset expenditures. A pie chart graphically shows percentages of revenues according to source.
