Comments from the Public: George Riley stated that at a public meeting, Ian Crooks of California American Water announced that Cal-Am encountered difficulty removing casings from the desalination project test wells that are 750 feet long at a 19 degree angle. Cal-Am expects to also encounter difficulty removing casings from the 1,000 feet long, 14 degree angle production wells to be installed. Riley urged the Water Management District staff and Board to be aware of this situation, because the public is learning about the problems.

Action Items
