Subject: Monterey Peninsula Water Supply Project (MPWSP) Governance Committee Response to Cal-Am Notification #13 – Draft Requests for Proposals – MPWSP Fitch Park ASR Wells 5 and 6

Dear Mr. Crooks:

On July 18, 2018, the Governance Committee completed its review of Cal-Am Notification #13. After discussion and receipt of public comment, Governance Committee members Mary Adams and I voted unanimously to recommend that Cal-Am move ahead with issuance of RFPs for the projects listed below, and that the committee had no additional recommendations regarding the qualifications and selection criteria to be included in the RFPs.

1. Fitch Park Aquifer Storage and Recovery Wells 5 and 6 Construction Contract, and
2. Fitch park Aquifer Storage and Recovery Wells 5 and 6 Above Ground Facilities Design-Build Contract

Thank you for providing regular updates to the Governance Committee on progress on the MPWSP, and for your continued cooperation to ensure the public is involved with decisions related to the project.

Respectfully,

Bill Kampe, Chair
Monterey Peninsula Water Supply Project
Governance Committee

pc: Lori Girard, California American Water
