8/10/2007- Permit 24754 was issued to add a bar sink and utility sink and upgrade all fixtures to standard using 0.059AF of their Entitlement Water.  8/15/2007- Property was inspected to final Permit 24754; Non-Compliance: the owner was directed to amend the permit to show one bar sink not installed and one additional washbasin.  11/15/2007 Owner failed to amend the permit within allotted time parameter and a Notice of Non-Compliance with Water Permit Requirements was recorded on the	4/12/2007-	
to standard using 0.059AF of their Entitlement Water.  8/15/2007- Property was inspected to final Permit 24754; Non-Compliance: the owner was directed to amend the permit to show one bar sink not installed and one additional washbasin.  11/15/2007 Owner failed to amend the permit within allotted time parameter and a Notice of Non-Compliance with Water Permit Requirements was recorded on the		NOTE: Permit 18570 was amended with a new number (Permit 24754).
directed to amend the permit to show one bar sink not installed and one additional washbasin.  11/15/2007 Owner failed to amend the permit within allotted time parameter and a Notice of Non-Compliance with Water Permit Requirements was recorded on the	8/10/2007-	Part American School and A
of Non-Compliance with Water Permit Requirements was recorded on the	8/15/2007-	directed to amend the permit to show one bar sink not installed and one
	11/15/2007	of Non-Compliance with Water Permit Requirements was recorded on the

1/7/2008	Water Permit 24754 was amended for fixtures found on 8/15/07 inspection and a passing inspection for Permit 24754 was issued.
1/14/2008	A Notice of Compliance with Water Permit Rules was recorded on the title. Property is clear.
1/26/2010	Water Permit 30234 was issued for the addition of a fourth bathroom utilizing all but 0.004 AF of the remainder of their Entitlement Water, High Efficiency Clothes Washer required. Deed Restriction Limitation of Use on a Property recorded 1/21/2010.
7/6/2010	Staff performed a Final inspection for Permit 30234. Two additional showerheads were noted in the previously remolded bathrooms. The new Bathroom was in compliance. The previous inspection and permit were reviewed by staff to determine if the showerheads where missed on previous inspection or added without permit. A rain sensor was required to meet permit requirements.
7/6/2010	A receipt for one wireless rain sensor was received.
7/9/2010	Staff amended the 7/6/10 inspection to reflect the rain sensor compliance. Report indicated requirement to permit or remove the heads by 8/10/10. An immediate action letter was mailed to the owner and copied to the County.
7/29/2010	Appeal application received.
8/25/2011	Supplemental appeal material received.
