

**EXHIBIT 10-A**

**ORDINANCE NO. 194  
AN ORDINANCE OF THE BOARD OF DIRECTORS OF THE  
MONTEREY PENINSULA WATER MANAGEMENT DISTRICT  
AMENDING RULE 11 AND ADDING RULE 23.10  
TO ESTABLISH A WATER ENTITLEMENT FOR  
THE CITY OF SEASIDE**

**FINDINGS**

1. The Monterey Peninsula Water Management District (MPWMD or District) is charged under the Monterey Peninsula Water Management District Law with the integrated management of all ground and surface water resources in the Monterey Peninsula area.
2. The Monterey Peninsula Water Management District Law grants MPWMD general and specific powers to cause sufficient water to be available for present and future beneficial use or uses of lands or inhabitants within the District. MPWMD Rule 30 requires the District to establish a specific Allocation for each Jurisdiction and provides that the District also may establish Water Entitlements as necessary to manage water supplies throughout the District.
3. This ordinance establishes a Water Entitlement that is sourced from adjudicated groundwater rights that the City of Seaside (Seaside) possesses in the Seaside Groundwater Basin that California-American Water Company (Cal-Am) will produce and convey through its Water Distribution System (WDS) to Benefitted Properties specified in this ordinance.
4. Seaside is a general law city situated in the County of Monterey. Seaside produces groundwater from the Seaside Basin (1) for use on two city-owned golf courses that overly the Basin, and (2) for municipal water service to its residents.
5. Seaside holds adjudicated rights under the judgment issued in the Seaside Basin Groundwater Adjudication Decision (Amended Decision of the Monterey County Superior Court, Case No. M66343) to an Alternative Production Allocation of water totaling 540 Acre-Feet annually (AFA) from the Seaside Groundwater Basin for municipal use and irrigation of the two city-owned golf courses. Recent golf course irrigation is recognized at 450 AFA. On October 25, 2019, Judge Robert O'Farrell approved the In-Lieu

Groundwater Storage Program proposed by the City of Seaside. As a result, Seaside has been purchasing recycled water from Marina Coast Water District to irrigate the golf courses in lieu of using a portion of its Alternative Production Allocation. Under the program, Seaside may use the stored water credits or assign the credits to others to allow production of groundwater to serve other water demands.

6. A portion of the stored water credit is being assigned to Cal-Am to supply water service to the Ascent Project (Benefited Properties) in the Seaside Groundwater Basin until the State Water Resources Control Board Cease and Desist Order and the California Public Utilities Commission moratorium are lifted. The Ascent Project is owned by Ascent Seaside LLC, a Delaware Limited Liability Company, and will consist of a ten-building workforce rental housing development at Broadway Avenue and Terrace Street (APNs: 012-191-001, -002, -003, -004, -030, -031, -033, -034, and -035).
7. Upon approval by the MPWMD of a Water Distribution System Amendment to the Cal-Am Production Limit as a result of the assignment of stored water credit from the Seaside golf courses to Cal-Am, the Cal-Am Production Limit from the Coastal Subareas of the Seaside Basin will be increased by 13.00 AFA to meet the water needs of the Benefited Properties. This is equivalent to metered sales (customer water consumption) of 12.09 AFA that will be approved via MPWMD Water Permits for use on the Benefited Properties, based on an assumed system loss factor (Unaccounted for Water Use) of seven percent (7%).
8. This ordinance shall allow for new Connections and modifications of existing Connections at the Benefited Properties.
9. This ordinance authorizes Seaside, on terms and conditions set forth in this ordinance, to separately sell and convey portions of the Water Entitlement established by this ordinance within the Cal-Am WDS supplied with water from Cal-Am Wells in the Seaside Groundwater Basin as is allowed by the Seaside Basin Groundwater Adjudication Decision.
10. This ordinance provides that water use authorized by the Water Use Permit issued under this ordinance shall be subject to the water efficiency and conservation rules of MPWMD under its Regulation XIV and the rationing rules of MPWMD under its Regulation XV.
11. This ordinance amends Rule 11 (Definitions) and adds Rule 23.10 (City of Seaside Water Entitlement) to the Rules and Regulations of the MPWMD.

12. MPWMD has followed those guidelines adopted by the State of California and published in the California Administrative Code, Title 14, Section 15000, *et seq.* Specifically, the MPWMD has determined that a Statutory Exemption applies as defined in CEQA Guidelines Section 15268 (Ministerial Projects), based on previous environmental determinations by the Courts. The Monterey County Superior Court concluded that its Adjudication Decision included environmental determinations related to the Seaside Basin and adjudication of the rights therein. The MPWMD action is also consistent with the May 11, 2009, Court Order as confirmed by the Sixth District Court of Appeal, which limits CEQA review of water-related issues to areas other than the Seaside Basin.

NOW THEREFORE, be it ordained as follows:
