Discussion Items

1. Presentation from District Staff on December 2012 Receipts and Update on Ongoing Spending Plans
Stoldt presented an historical overview of the MPWMD and an update on budgeted expenditures. An summary of his presentation is on file at the District office and can be viewed on the MPWMD website. He responded to questions from the panel.
2. Discussion of Role of Water Supply Charge Mechanism in Desalination Facility Financing Proposal
Stoldt reviewed plans for development of water supply alternatives such as aquifer storage and recovery, groundwater replenishment and an alternative desalination project. He described how the Water Supply Charge could be used to secure a loan that will provide additional funding for development of these projects. Bruno rejoined the meeting at 3:35 during the discussion of this item.

3. **Comments from Panel Members on Expenditure of Revenues Raised by the Water Supply Charge on Water Supply Related Activities**
Stoldt responded to questions from the committee members. He stated that at future meetings, the committee will review portions of the draft MPWMD FY 2013-14 budget; discuss project costs in relation to the requirement that 15% of Ordinance No. 152 proceeds should fund general unallocated administrative overhead; and participate in tours of the District's Aquifer Storage and Recovery Project. The meetings should be limited to approximately 1.5 hours in length.

Adjourn

The meeting was adjourned at 3:45 pm.
