MONTEREY PENINSULA WATER MANAGEMENT DISTRICT CARMEL RIVER ADVISORY COMMITTEE NOVEMBER 17, 2005

1. CALL TO ORDER/ROLL CALL

- **2. PUBLIC COMMENT** Anyone wishing to address the Committee on a matter not listed on the agenda may do so during Public Comment.
- 3. CONSENT CALENDAR Draft minutes from the August 4, 2005 Regular Meeting (Exhibit A) are included in this meeting packet.

ACTION REQUIRED: The Consent Calendar contains routine items that will be approved or accepted upon ratification of the Consent Calendar. A Committee member may request that a Consent Calendar item be considered separately by the Committee.

4. REVIEW MISSION STATEMENT FOR THE CARMEL RIVER ADVISORY COMMITTEE

BACKGROUND: At their September 8, 2005 Strategic Planning Workshop, the MPWMD Board directed that each of the District's Committees develop a charge and bring it back to the Board for approval. The Board stated that "it is appropriate to have a charge for each committee so that each year when the committees are formulated, the members can review their charge and understand their role." The Board is scheduled to review each Committee's charge at their December 12, 2005 meeting.

The Board of Directors established the Carmel River Advisory Committee (CRAC) in 1983 (Ordinance No. 10, adopted July 26, 1983) and charged that "The committee shall advise the Board of Directors with regard to management of the Carmel River, and its riparian corridor and to any matter referred to this committee." In 1995, the Board set the CRAC Mission Statement with input form the Committee (see **Exhibit B**).

RECOMMENDATION: The Committee should review the Mission Statement.

ACTION REQUIRED: The Committee should either affirm that the Mission Statement remains appropriate, or if the Committee believes changes should be made, make a recommendation to the Board specifying any proposed changes to the Mission Statement.

5. UPDATE BY CLIVE SANDERS ON CARMEL RIVER WATERSHED CONSERVANCY ACTIVITIES

BACKGROUND: This is a regular agenda item. Clive Sanders, Administrator for the Carmel River Watershed Conservancy (CRWC), will update the Committee about CRWC activities.

RECOMMENDATION: No action is required. This is a discussion item.

6. REPORT ON PRESENTATION MADE BY THE DEVELOPERS OF THE PROPOSED RANCHO CAÑADA VILLAGES TO COUNTY SERVICES AREA NO. 50 CONCERNING IMPACTS ON FLOOD THREATS AND FLOOD CONTROL (report by Larry Levine)

BACKGROUND: At the August 4, 2005 meeting, the Committee asked that this item be placed on the agenda for the next regular meeting.

RECOMMENDATION: No action is required. This is a discussion item.

7. REVIEW PROCESS FOR PRIORITIZATION AND FUNDING FOR RIVER RESTORATION PROJECTS

BACKGROUND: At the August 4, 2005 meeting, the Committee requested that this item be placed on the agenda. The Committee periodically reviews restoration project priorities and makes recommendations to staff concerning those priorities. Guidelines used in the past by MPWMD staff and the Committee for setting priorities include the following:

- Areas with active bank erosion and degradation of riparian resources. Active bank erosion is characterized as bank loss during years of "average" river flows.
- Maintenance of previously completed MPWMD-sponsored projects.
- Proposed projects where MPWMD has obtained project access agreements.
- Proposed projects where MPWMD has received a commitment from property owners to fund a portion of the costs.
- Areas shown to be unstable or susceptible to erosion during high river flows.

For major streambank restoration projects, District staff members normally assess the condition of the river in late spring, after the potential for high flows subsides, and assemble a list of potential projects for the Committee to review. Often, the full Committee or a sub-committee appointed by the Committee will visit sites proposed for restoration. The last field tour of potential restoration sites by the Committee was in early 2001. In addition to field reviews, the Committee has reviewed the portion of the District's annual budget describing Carmel River activities. The most recent review took place in October 2003 and focused on the Fiscal Year (FY) 2003-2004 budget.

After 1993, when the assessment on riverfront properties ended and the Committee ceased having budgetary responsibilities, the Committee has not made recommendations about how to fund projects. However, the Committee has made recommendations about which projects should receive a high priority.

Attached as **Exhibit C** are portions of the FY 2005-2006 District budget associated with management of streamside vegetation and implementation of streambank restoration.

RECOMMENDATION: No action is required. This is a discussion item.

8. STAFF REPORTS - Staff will report on the following:

- a) Integrated Regional Water Management Planning (Hampson)
- b) Fall 2005 vegetation management (Christensen)
- c) Winter 2005-2006 Carmel River Lagoon sandbar management (Hampson)

9. ITEMS TO BE PLACED ON FUTURE AGENDAS

Committee members should bring up any new business at this time to determine whether it should be included on a future meeting's agenda.

10. ADJOURNMENT

Draft MINUTES

MONTEREY PENINSULA WATER MANAGEMENT DISTRICT REGULAR MEETING OF THE CARMEL RIVER ADVISORY COMMITTEE August 4, 2005, 10:00 A.M. Mid-Carmel Valley Fire Station Community Room

1. CALL TO ORDER/ROLL CALL

MEMBERS PRESENT:

John Dalessio, Susan Rogers, Tom House, Richard H. Rosenthal,

and Larry Levine

MEMBERS ABSENT:

Clive Sanders (ill) and Marjorie Ingram Viales (previous

commitment)

PUBLIC PRESENT:

Adriana Frederick (News Reporter) [Note: Ms. Frederick was present

for approximately the first five minutes of the meeting and then left.]

STAFF PRESENT:

Thomas Christensen and Larry Hampson

- 2. PUBLIC COMMENT Larry Hampson provided copies of a letter dated August 4, 2005 to the Committee from David Dilworth (copy attached to these minutes).
- 3. ELECTION OF CHAIR AND VICE-CHAIR Tom House nominated Larry Levine for Chair, and Mr. Levine declined. Mr. House then nominated John Dalessio for Chair. Susan Rogers seconded. Mr. Dalessio was unanimously approved as Chair for the remainder of Fiscal Year 2005-2006 (ending June 30, 2006).

Mr. Dalessio nominated Mr. Levine for Vice-Chair. Mr. House seconded. Mr. Levine was unanimously approved as Vice-Chair for the remainder of Fiscal Year 2005-2006.

- 4. CONSENT CALENDAR –
- a. Approve Minutes from the April 28, 2005 Regular Meeting and May 25, 2005 Special Meeting of the Carmel River Advisory Committee Under Item 4, April 28, 2005 meeting, it was suggested that information provided in an August 3, 2005 e-mail from David Dilworth to Larry Hampson (copy attached to these minutes) clarifying Mr. Dilworth's characterization of watershed councils during the April 28, 2005 meeting be footnoted in the minutes. Mr. House made a motion to approve the minutes as amended. Ms. Rogers seconded. The motion passed by a 3 to 2 vote with Mr. House, Ms. Rogers, and Mr. Rosenthal voting yea and Messrs. Levine and Dalessio voting nay.

Mr. House made a motion to approve the May 25, 2005 minutes. Mr. Rosenthal seconded. Approval of the May 25, 2005 minutes was unanimous.

5. CONSIDER PRESENTATION OF RESOLUTION OF APPRECIATION TO DAVID DILWORTH FOR SERVICE ON THE CARMEL RIVER ADVISORY COMMITTEE - The

Committee approved a resolution of appreciation by consensus. Mr. Rosenthal stated that he did not want a certificate of appreciation at the end of his service on the Committee.

- 6. UPDATE ON CARMEL RIVER WATERSHED CONSERVANCY ACTIVITIES Mr. Sanders was not present to update the Committee.
- 7. DISCUSS CRITERIA AND PROCESS FOR PLACING ITEMS ON CARMEL RIVER ADVISORY COMMITTEE MEETING AGENDAS Mr. Dalessio stated that he has not served on any committee that does not allow items to be placed on an agenda between meetings. It was suggested that items to be agendized between meetings be forwarded to the Chair and/or Vice Chair for placement on an agenda. Mr. Dalessio asked what happens if the request to place an item on an agenda is denied. Mr. Rosenthal made a motion that the Chair, or the Vice-Chair in the absence or non-availability of the Chair, shall have the discretion to place an item on the agenda, or to deny placement. Second by Mr. Levine. Approval was unanimous.
- 8. DISCUSS DISTRICT-WIDE ELECTION REGARDING INVESTIGATION OF PUBLIC ACQUISITION OF THE CALIFORNIA AMERICAN WATER DISTRIBUTION SYSTEM, COASTAL DIVISION, MONTEREY DISTRICT –

Mr. Dalessio noted that the Committee could be negatively affected by taking a position on Measure W; suggested that the Committee conduct a public debate on the measure; and recommended providing a fact statement to the MPWMD Board of Directors.

Ms. Rogers suggested a special Committee meeting to hear representatives from both sides present arguments on the ballot measure.

Mr. Rosenthal stated that the Committee should present facts to the public about the measure and that a cost/benefit analysis would answer the underlying question of a public takeover. A feasibility study would also address the question of the process of a public acquisition.

The Committee summarized the options as:

- 1) A public meeting that would be conducted by a moderator and would include representatives from both sides, a debate, and a question and answer period;
- 2) A fact statement by the Committee to the Board of Directors;
- 3) A position statement by the Committee;
- 4) A fact statement to the public from the Committee

By consensus, the Committee agreed not to take a position on the ballot measure. Ms. Rogers made a motion to hold a special meeting of the Committee to hear the pros and cons on the ballot measure. Seconded by Mr. House. The motion passed by a 4-1 vote with Mr. Rosenthal voting nay and stating that he was in favor of a larger public forum. The meeting was tentatively scheduled for Thursday, September 22, 2005 from 10 a.m. to noon. John Dalessio volunteered to secure speakers for the meeting and confer with the Vice-Chair on his selection.

[Note: the meeting was subsequently re-scheduled to Wednesday, September 21, 2005. Mr. Dalessio then cancelled the meeting when it was apparent that not all the Committee members could attend on that date.]

- 9. STAFF REPORTS Mr. Hampson reported on completing the MPWMD-sponsored Proposition 50 Implementation Grant application. Thomas Christensen described four sites along the river proposed for vegetation management.
- 10. ITEMS TO BE PLACED ON FUTURE AGENDAS suggested items included:
- review the process for prioritization and funding of restoration projects
- report on presentation to CSA 50 representatives on potential impacts to flood elevations from the Rancho Cañada development
- invite NOAA Fisheries representatives to a committee meeting
- presentation on potential developments in Carmel Valley
- 11. ADJOURNMENT the meeting was adjourned at 12:12 p.m.

Carmel River Advisory Committee

Thursday, August 04, 2005

My most esteemed colleagues,

I've greatly enjoyed the privilege and pleasure of serving with you. I also greatly appreciate the education from staff about all the subjects we addressed. I can't say I'll miss you since I intend to continue attending the meetings whenever possible.

Please allow me to suggest some improvements for the committee's future.

1. Followup: Agendize all the previous year's resolutions items to see what we completed and what we didn't. I had hoped to do this while I was still on board, alas because of scheduling difficulties, it didn't occur.

For example, some two years ago we adopted resolution to have Monterey Peninsula Water Management District Directors get a 15 minute ecological educational briefing at every Board meeting. As far as I know that has not even been transmitted to the Board.

- 2. Schedule a retreat type meeting to discuss and set priorities for upcoming year.
- 3. Create a Training Manual for new committee members.

This 3 ring binder would include a list of Water District Public Education Tools including maps, documents, etc.

Finally let me urge you to proceed cautiously with item #8 regarding the District election on Cal-Am purchase.

You may be aware that I am a leading proponent of the buyout. However, I urge you to recall that some years ago, before any of you were on board, this body tainted its reputation by taking political positions as opposed to purely factual or educational positions.

Please consider that taking a political position on this potentially controversial subject may not achieve the result you intend.

With all my best wishes,

David Dilworth

David Dilworth here,

Here's the quote Larry --

Watershed Council (Courtesy of Jim Britell)

"A novel political construct which allows a local community to replace the enforcement of Federal Environmental Protection laws with children's innocuous high school science experiments."

"Sometimes used to expedite placing law enforcement authorities and resources into the hands of environmental criminals. Also used to camouflage public agencies' and officials' lobbying with public funds in contravention of statutes forbidding such practices. "

My letter to the Committee will follow in a while.

RULE 120. CARMEL RIVER ADVISORY COMMITTEE

A. COMMITTEE PURPOSE

The Carmel River Advisory Committee is a standing committee of the District. The committee shall advise the Board of Directors with regard to management of the Carmel River, and its riparian corridor and to any matter referred to this committee.

(Added by Ordinance No. 10 (7/26/83); amended by Ordinance No. 22 (3/11/85); amended by Ordinance No. 69 (6/21/93)

MISSION STATEMENT OF THE RIVER ADVISORY COMM

CARMEL RIVER ADVISORY COMMITTEE SET BY THE BOARD OF DIRECTORS OF THE MONTEREY PENINSULA WATER MANAGEMENT DISTRICT FEBRUARY 23, 1995

- 1. Review the portion of the Five-Year Mitigation Program plans, activities, and budgets related to erosion protection, channel restoration, and protection and enhancement of the riparian corridor along the Carmel River. Make recommendations regarding priorities, suitability, and scheduling of these activities.
- 2. Review the effectiveness of the District's streambank restoration program, and make recommendations.
- 3. Examine the practical difficulties of implementing erosion protection and riparian corridor restoration projects, and make recommendations to streamline the project development process and to encourage property owners to participate in streambank restoration.
- 4. Assist staff in gaining the cooperation of riverfront property owners for carrying out District erosion protection and riparian corridor restoration projects.
- 5. Assist staff in public education related to matters for which the Committee has advisory oversight.
