

RESOLUTION NO. 2025-01

**A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE MONTEREY PENINSULA WATER MANAGEMENT DISTRICT
DECLARING MARCH 17-23, 2025, TO BE “FIX A LEAK WEEK”**

WHEREAS, water is a precious life resource which must be conserved and protected to ensure a healthy and vibrant community; and

WHEREAS the Monterey Peninsula has water use restrictions on all its sources of supply, including the Carmel River and the Seaside Groundwater Basin; and

WHEREAS residents of the Monterey Peninsula are among the lowest water consumers in the state, but protection of our limited water resources requires water efficiency; and

WHEREAS on average, household water leaks can account for up to 10,000 gallons of water wasted each year, which is enough to fill a small swimming pool. In addition, minor residential water leaks account for more than one trillion gallons of water wasted in U.S. homes annually; and

WHEREAS correcting easily fixed leaks in the home is not only good for our water supply and environment, but these actions also help the residents of the Monterey Peninsula reduce their water usage and save money; and

WHEREAS do-it-yourself fixes such as replacement of worn faucet washers and gaskets, leaky toilet flappers, garden hoses, and loose spigots can save significant amounts of water; and

WHEREAS to remind water users to check their household and business plumbing fixtures and irrigation systems for leaks, the United States Environmental Protection Agency’s WaterSense program declared national Fix a Leak Week for the week of March 17-23, 2025; and

WHEREAS the Monterey Peninsula Water Management District promotes water conservation, water use efficiency and the elimination of water waste.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Monterey Peninsula

Water Management District that March 17-23, 2025, shall be declared “Fix a Leak Week.”
