

RULE 55 - LAND USE METHOD

A. REPORTING REQUIRED

Each Owner or Operator of a Well located within the boundaries of the Monterey Peninsula Water Management District, whose Well is identified in Rule 54-C as being in a class of Wells not requiring a water meter, shall file with the District an Annual Water Production statement in the form and manner prescribed by the District. The statement shall set forth the water production from each Well for the preceding Water Year (the 12 month period commencing on October 1 of the preceding calendar year, and concluding on September 30 of the current calendar year) based upon the land use method.

B. REPORTING METHOD

Approximate water production for Wells listed in Rule 54-C shall be computed based upon land use information in the Annual Water Production statement, unless that owner voluntarily elects the water meter method. Among other things, the Owner or Operator of that Well shall report the use of the land, and the area and type of irrigation used during the reporting period.
