**FINAL**

**RESOLUTION NO. 2021-05**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE  
MONTEREY PENINSULA WATER MANAGEMENT DISTRICT  
ADOPTING THE BUDGET FOR FISCAL YEAR 2021-2022**

**WHEREAS**, the General Manager has proposed a budget for Fiscal Year 2021-2022, a copy of which is on file at the District's office.

**WHEREAS**, the Board of Directors has examined, and deliberated on, the budget during meetings held on May 27, 2021 and June 21, 2021.

**NOW, THEREFORE BE IT RESOLVED** by the Board of Directors of the Monterey Peninsula as follows:

1. That the said budget as approved at the June 21, 2021 Board of Directors Meeting is hereby approved and adopted as the budget for the Monterey Peninsula Water Management District for Fiscal Year 2021-2022.
2. That the General Manager may delegate the authority to implement this resolution to the Administrative Services Manager/Chief Financial Officer.
3. That the General Manager is authorized and directed to transfer funds from one activity to another within a given fund, and from one Division to another Division, as such times are appropriate, in accordance with generally-accepted accounting principles and consistent with the objectives outlined in the approved budget.
4. That any contract for professional services, or other expenditures for procuring equipment, supplies or services, included in the budget that exceeds \$15,000 shall be executed by the General Manager only upon approval by the Board of Directors at a meeting of the Board of Directors.

**PASSED AND ADOPTED** on this 21<sup>st</sup> day of June, 2021 on a motion by Director George Riley and second by Director Safwat Malek via roll-call vote:

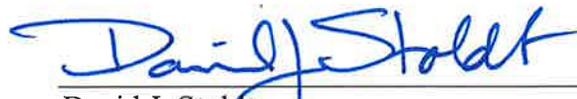

AYES: Director Edwards, Riley, Malek, Paull, Anderson, Roberson and Adams

NAYS: None

ABSENT: None

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 21<sup>st</sup> day of June 2021.

Witness my hand and seal of the Board of Directors this 21<sup>st</sup> day of June 2021.

David J. Stoldt,  
Secretary to the Board

June 21, 2021

Chairperson Edwards and Board Members  
Monterey Peninsula Water Management District  
5 Harris Court, Building G  
Monterey, California 93940

Dear Chairperson Edwards and Board Members:

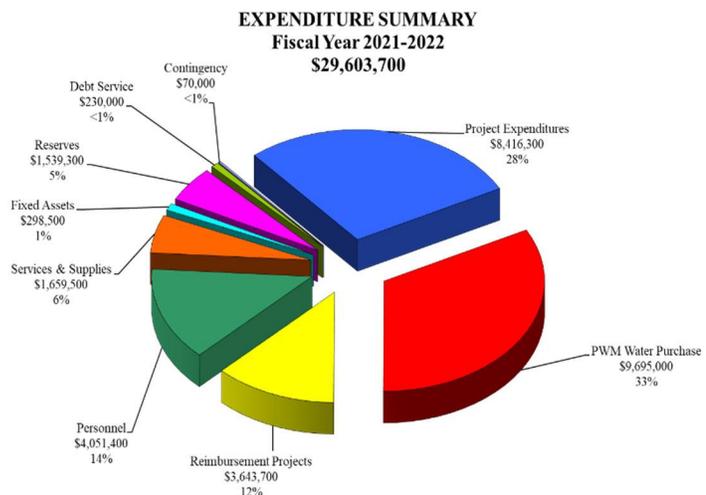

***Budget Overview***

This letter transmits the recommended budget for Fiscal Year (FY) 2021-2022. While preparing the budget, District staff was mindful of the continuing uncertain economic conditions caused by COVID19 as well as the current status of the District’s existing funding sources, including the user fee revenue, water supply charge, property tax revenue, and Pure Water Monterey (PWM) water sales revenue. In preparing this year’s budget, staff again adhered to the strategy to adopt balanced budgets as directed by the Board of Directors in 2005. The FY 2021-2022 Budget does include use of reserves to maintain District’s current programs and services, and it also assumes continued collection of the previously adopted Water Supply Charge and Property Tax revenue. This budget also includes continued collection of the User Fee revenue from ratepayers of California American Water. This budget also includes revenue and expenses related to billing of PWM water sales.

After compilation of the original requests from all Divisions, a detailed review, and several adjustments by Division Managers and the General Manager, culminated this budget with proposed expenditures and revenues for FY 2021-2022 totaling \$29,603,700, of which \$4,163,700 or 16% includes reimbursement funds from California American Water ratepayers, grants and reimbursements other agencies.

***Expenditures***

As shown in the graph on the right and in the expenditures portion of the FY 2021-2022 Budget, the budgeted expenditures of \$29,603,700 which is higher from the amount budgeted in FY 2020-2021. The project expenditures portion of the budget includes \$8,416,300 towards water supply projects Aquifer Storage Recovery 1 & 2, Pure Water Monterey (Groundwater Replenishment Project), Local Water Projects, other Water Supply Projects,

mitigation projects, and non-reimbursable conservation & rebate program activities. It also includes \$3,643,700 towards reimbursement project costs. The reimbursable project expenditure budget includes funds for the operation of ASR 1 & 2, Los Padres Dam Alternative Study, Sleepy Hollow Intake construction, IRWM Implementation Project, grant funded projects, and conservation rebate program costs. In addition, it also includes \$9,695,000 towards PWM water purchase costs. The budget was prepared with the assumption that Cal-Am would continue to reimburse the District for the operation of ASR 1 & 2.

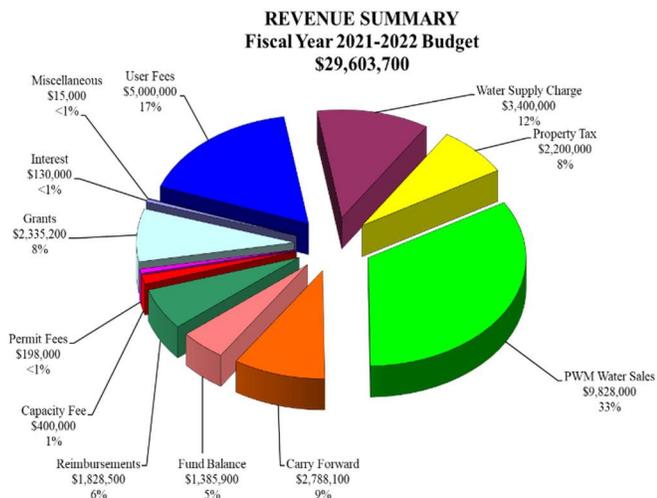

Other large project expenditures include \$41,500 for riparian and erosion control activities, \$647,800 for the operation of the Sleepy Hollow fish rearing facility and related fish rescue activities, \$106,800 for lagoon and hydrologic monitoring, \$2,350,200 for IRWM Implementation Project, \$433,700 for conservation related activities, and \$400,000 for water conservation rebates. The rebate amount is reimbursable by Cal-Am ratepayers. The project expenditure budget also includes \$1,800,000 for a new well related to the PWM project which may be reimbursed from the rates over time. It also includes \$1,200,000 related to PWM expansion project.

The budget for legal expenses is \$400,000 which is maintained at the same level from previous fiscal year. The budget also assumes payment of \$230,000 for debt service (interest and principal) towards the Mechanics Bank ASR loan (previously Rabobank). The budget also includes \$298,500 for fixed assets purchases. The FY 2021-2022 Budget also includes a Capital Improvement Project Forecast as requested by the Board of Directors in 2005.

### **Revenues**

The FY 2021-2022 revenue budget totals \$29,603,700 which is higher from the amount budgeted in FY 2020-2021. This budget assumes collection of the previously adopted Water Supply Charge in the amount of \$3,400,000 for FY 2021-2022. This budget also includes continued collection of the User Fee revenue in the amount of \$5,000,000 from ratepayers of California American Water. This User Fee revenue projection is based on an estimated collection of revenues by California American Water. Property

tax revenues are projected to be \$2,200,000 which is slightly higher than the amount budgeted in FY 2020-2021. PWM water sales revenue in the amount of \$9,828,000 based on 3,500 ac. ft. of water delivery. Capacity Fees are estimated to be \$400,000; permit revenues are budgeted at \$198,000, both projected at the same level as prior fiscal year. Projected revenues also include reimbursements of \$725,000 from Cal-Am ratepayers for ASR 1 and ASR 2 operational costs, \$400,000 from Cal-Am ratepayers for rebates, \$39,600 for services provided to the Seaside Basin Watermaster, \$2,335,200 in grant funds, and \$500,000 reimbursement from Pebble Beach Reclamation project for tank financing as detailed in the project expenditure section of the budget. The carry forward are funds that was not spent in prior fiscal year for projects and so the

projects are rolled forward to the current fiscal year.

### **Reserves**

The following table summarizes the ending balances in the reserve accounts. There are changes to reserve balances as a result of the proposed budget:

| <b>Reserve Description</b>   | <b>Projected Balance<br/>06/30/2021</b> | <b>FY 2021-2022<br/>Change</b> | <b>Projected Balance<br/>06/30/2022</b> |
|------------------------------|-----------------------------------------|--------------------------------|-----------------------------------------|
| Litigation/Insurance Reserve | \$250,000                               | \$0                            | \$250,000                               |
| Capital Reserve              | 581,500                                 | 244,300                        | 825,800                                 |
| Flood/Drought Reserve        | 328,944                                 | 0                              | 328,944                                 |
| Debt Reserve                 | 222,524                                 | 0                              | 222,524                                 |
| Pension Reserve              | 300,000                                 | 100,000                        | 400,000                                 |
| OPEB Reserve                 | 300,000                                 | 100,000                        | 400,000                                 |
| Mechanics Bank Reserve       | 500,000                                 | 500,000                        | 1,000,000                               |
| General Operating Reserve    | 15,608,941                              | (4,174,000)                    | 11,434,941                              |
| <b>Total</b>                 | <b>\$18,091,909</b>                     | <b>(\$3,229,700)</b>           | <b>\$14,862,209</b>                     |

As the table above indicates the general reserve is expected to have a balance of approximately \$11,434,941, or 47% of the operating budget. The reserve change column has (\$3,229,700) use in reserves for the current fiscal year. The current year also includes \$200,000 set aside for pension/other post-employment benefit reserve accounts, \$339,300 set aside for capital reserve, and \$500,000 set aside for Mechanics Bank (formerly Rabobank) loan payoff.

### **Summary**

The 2021-2022 Budget was prepared using the strategies adopted in 2005 by the Board of Directors to adopt balanced budgets on an annual basis. The FY 2021-2022 Budget does include use of reserves to balance the budget. This budget assumes continued collection of the District's four main sources of revenues (Water Supply Charge, User Fee, Property Tax, and PWM water sales), which will allow the District to maintain its service levels currently provided by the District and sustain its ability to achieve the objectives in the District's Strategic Plan, including Mission and Vision Statements. The District's Management Team would like to thank the Board of Director's and other District employees for their contributions and participation in the development of the FY 2021-2022 Budget. They have made contribution to the development of the budget under difficult circumstances and we acknowledge their efforts. As always, this challenging process has produced an excellent document worthy of recognition.

Respectfully submitted:

David J. Stoldt  
General Manager

Suresh Prasad  
Administrative Services Manager/  
Chief Financial Officer

### MISSION STATEMENT

*Sustainably manage and augment the water resources of the Monterey Peninsula to meet the needs of its residents and businesses while protecting, restoring, and enhancing its natural and human environments.*

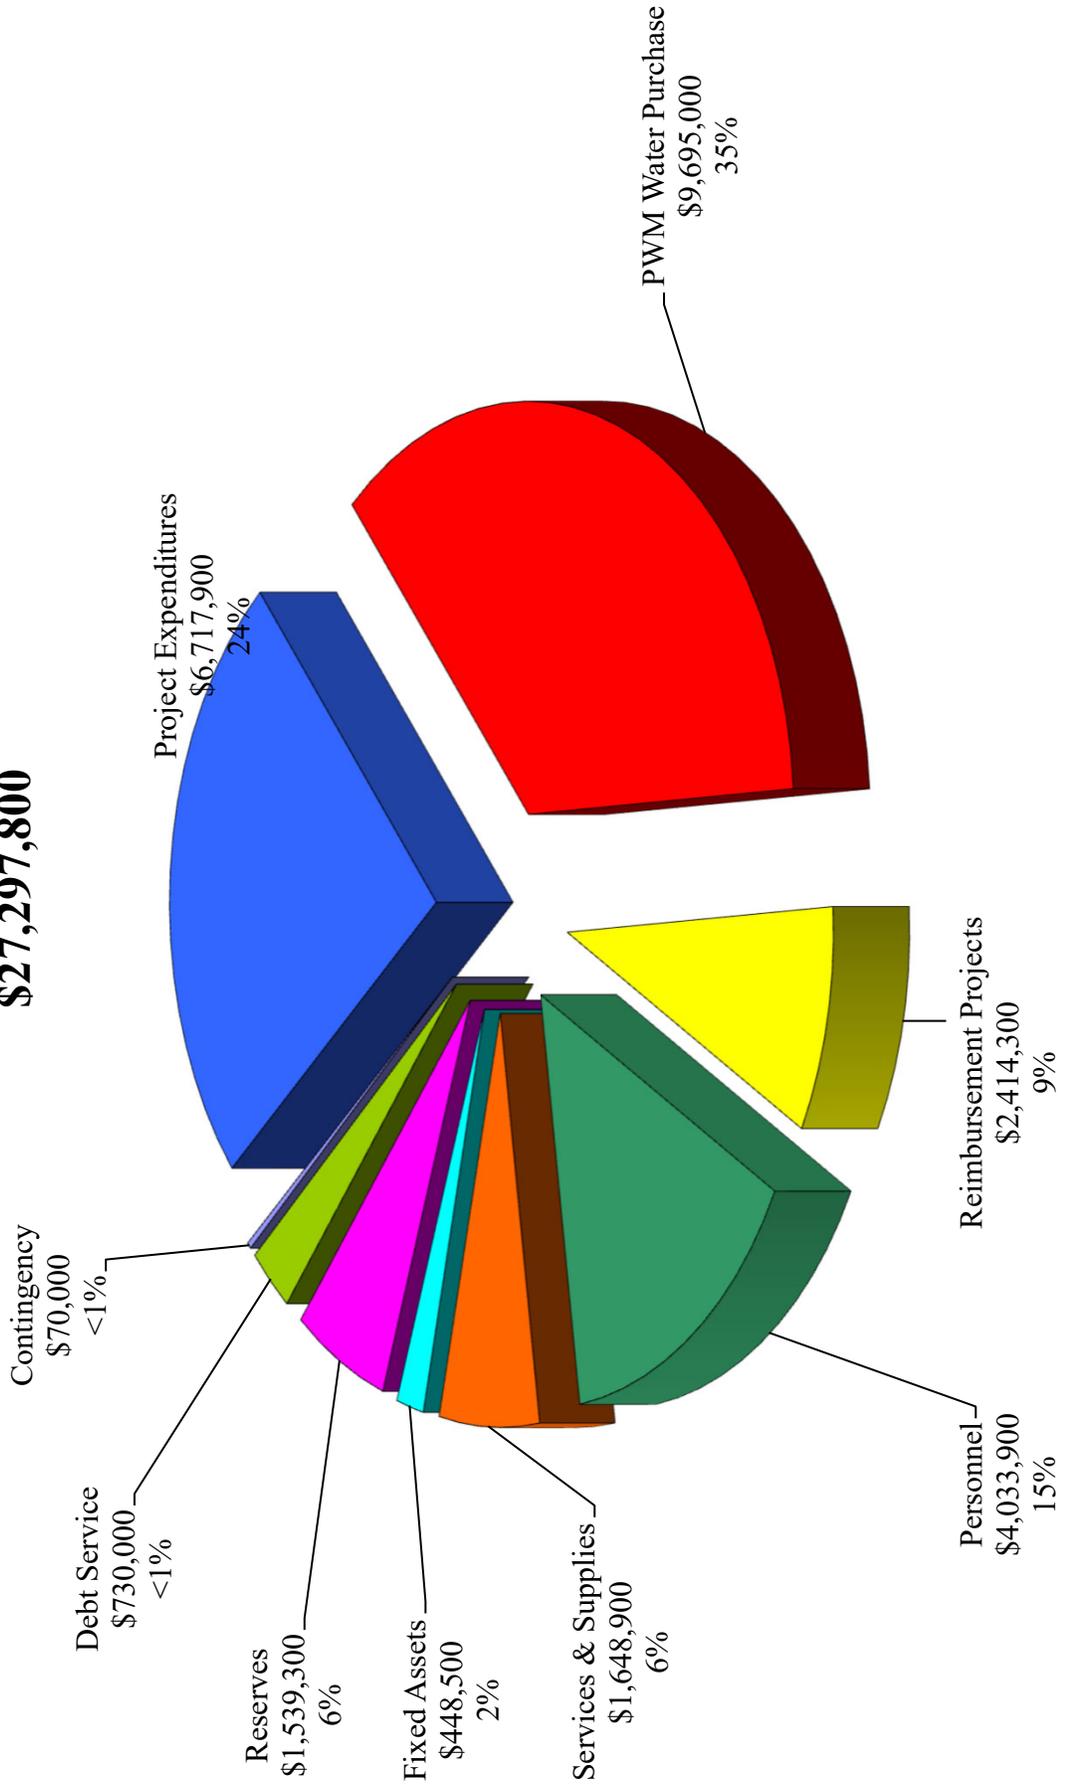

### VISION STATEMENT

*Model ethical, responsible, and responsive governance in pursuit of our mission.*

# Monterey Peninsula Water Management District

Monterey Peninsula Water Management District  
 Division Budget  
 Fiscal Year 2021-2022 Budget

**General Manager's Office**

The General Manager's Office activities include strategic planning, oversight of divisional activities and execution, public outreach, coordination and oversight of budget and financial activities, management of the District's legal strategies, support for the Board of Directors and Committees. Priorities for the past and next fiscal year include development of a secure and reliable revenue stream and implementation of permanent water supply resources.

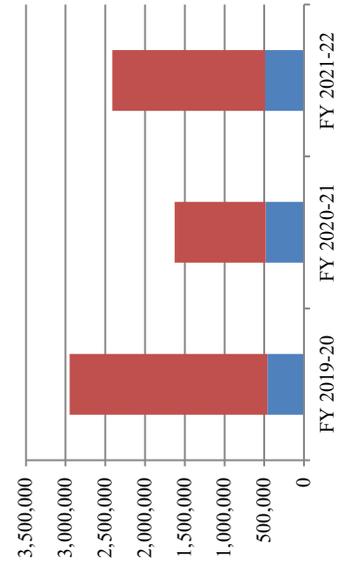

The services provided include general management of District activities on a day-to-day basis, strategic planning, program and activity evaluation, staff meetings and evaluations, meeting with jurisdictions and interest groups, regular interaction and direction with financial personnel, regular interaction and review of performance of District legal team, coordination of Board schedule and activities, preparation of Board packages and minutes.

FY 2021-22 Budget

**Water Resources**

The Planning and Engineering Division activities include review and investigation of proposed water supply projects, evaluation of proposed Carmel River water rights decisions, preservation of existing District water rights, coordination of Water Distribution System permits, implementation of portions of the Carmel River Mitigation Program, and coordination of water resource management throughout the District.

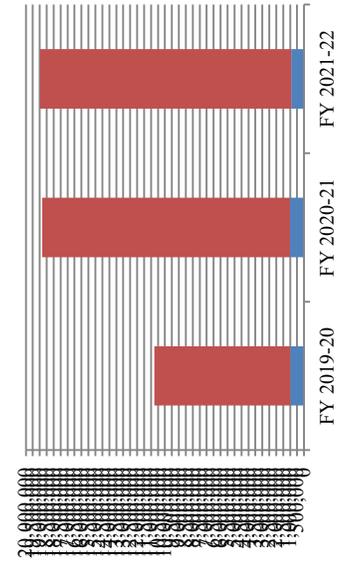

- Water Supply – Analysis of impacts and benefits of proposed water supply projects; review and completion of environmental compliance documents under the California Environmental Quality Act and National Environmental Policy Act); completion of Engineer’s Reports;
- Water Rights – Coordinate District review of proposed Carmel River water rights issued by the State Water Resources Control Board; track and preserve existing District water rights; prepare applications for changes to District water rights;
- Water Distribution System (WDS) permits – Review and process applications for WDS permits; make determinations of level of review; coordinate staff; consultant, and District Counsel work on WDS permits; prepare findings; issue WDS permits;
- Carmel River Mitigation Program – Conduct Carmel River restoration projects, including problem assessment, design, bid preparation, permit acquisition, construction management, and project monitoring; install, operate, and maintain high-volume irrigation systems along 15 miles of the lower Carmel River; monitor and assess streamside conditions; provide technical assistance to river front property owners; determine erosion potential; enforce District rules for the Carmel River; assist the Water Resources Division with steelhead rescues and Sleepy Hollow Steelhead Rearing Facility operations; provide technical analysis and advice to agencies responsible for Carmel River lagoon management;
- Integrated Regional Water Management (IRWM) – facilitate the development and implementation of a comprehensive IRWM Plan for the Monterey Peninsula region, including projects involving Carmel River resources, groundwater, desalination, stormwater, recycled water, flood control, ecosystem restoration, water conservation, and public recreation; conduct stakeholder outreach; prepare grant applications for specific projects; administer grant funds on behalf of the District and local area project proponents.

FY 2021-22 Budget

Monterey Peninsula Water Management District  
 Division Budget  
 Fiscal Year 2021-2022 Budget

**Water Demand**

The Water Demand Division provides information and programs to achieve efficient water use and maximize available supplies. This is achieved through community education and outreach, development of incentives and training programs, and by implementing and enforcing permitting and conservation regulations, thereby reducing the community's need for potable water. The Water Demand Division strives to provide responsive and accurate customer service that exceeds the expectations of the people we serve.

Services include customer service related to permit review and processing, conservation program administration and reporting, site visits and inspections, water waste and rationing enforcement, rebate program administration, and data management and data systems design related to demand management. Other services include project and program coordination and training with eight local cities and county, local water purveyors, local and statewide agencies, builders, contractors, architects, Realtors and others. The Water Demand Division also reviews projects for environmental compliance related to water supply, collaborates with jurisdictions to develop and track efficiency standards and conditions for development projects, assists with ratemaking and proposes policies and programs to encourage and promote indoor and outdoor water efficiency, conservation, reuse, alternative water sources, and non-residential best management practices.

FY 2021-22 Budget

**Environmental Resources**

The Water Resources Division (WRD) is comprised of two staff functional units, the Hydrologic unit and the Fisheries unit. Program responsibilities and services provided include surface and groundwater data collection and reporting programs, fishery protection activities in the Carmel River basin, quarterly water supply strategies and budgets for Cal-Am's main and satellite water distribution systems, and the annual Carmel River Memorandum of Agreement among Cal-Am, CDFG and the District that governs reservoir releases to the lower Carmel River during the low-flow season. WRD staff coordinates closely with the Planning & Engineering and Water Demand Divisions on certain activities to more efficiently share internal staff resources and expertise.

Water Supply – Develop and implement plans for water supply augmentation projects; design, permit, construct, operate Seaside Basin ASR projects; analyze water supply project alternatives; operate water resources simulation models.

Fisheries Resource Program - Rescue stranded steelhead from the Carmel River; rear rescued fish at the Sleepy Hollow Rearing Facility (SHSRF); rescue downstream migrant smolts in spring and transport them to a holding facility or the ocean; prevent stranding of early fall and winter migrant juvenile steelhead; rescue steelhead kelts and transport them to a holding facility or the ocean; support future interagency captive brood-stock program for landlocked steelhead during successive years of drought; prepare designs, retain contractors and manage construction contracts for SHSRF projects.

Hydrologic Monitoring Program - Conduct: (a) precipitation monitoring, (b) streamflow monitoring, (c) reservoir and groundwater storage monitoring, (d) surface water and groundwater production monitoring, (e) surface water and groundwater quality monitoring, and (f) Carmel River lagoon water level, quality, bathymetric and habitat monitoring.

Water Resources Management – Prepare quarterly water supply strategy budgets; participate in annual Carmel River Low Flow Memorandum of Agreement process; conduct monitoring and management functions as part of Seaside Basin Watermaster Monitoring & Management Plan; provide technical assistance and expert testimony on Cal-Am rate cases before the CPUC; prepare annual Mitigation Program reports.

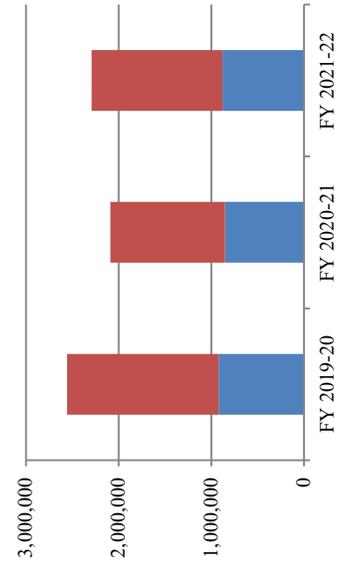

Water Use and Permitting – Collect, analyze and report data from approximately 1,000 wells and other sources for annual District-wide water production summary; coordinate with Planning & Engineering and Water Demand Divisions on Water Distribution System permitting.

## Glossary

### **Article XIII (B):**

Article XIII (B) is a section of the California State Constitution relating to the amount of a public entities tax revenues that may be expended in a given fiscal year. In the instance of the MPWMD, the article limits the amount of property tax revenue that may be spent in a fiscal year. It is calculated based upon the prior year's limit multiplied by a factor representing annual growth in population and consumer prices. The latter is furnished by the State Treasurer's Office. The calculation, required since the passage of Proposition 13 in 1978, is contained in each District budget and is identified as "Property Tax Appropriation."

### **Budget Assumptions:**

The budget assumptions are generally accepted statements, which if untrue, would materially alter the financial planning and budget of the agency.

### **Capital Assets:**

Capital assets are equipment and components that have a useful life greater than one year and with an initial, individual cost of more than \$1,000 for equipment and \$5,000 for facilities and improvements.

### **Contingency:**

The contingency is a nominal amount budgeted for expenditure for unforeseen emergencies or special purposes requiring Board approval.

### **Designated Reserves:**

Designated reserves are funds set aside by the Board for specific, restricted uses. Examples include capital equipment, litigation, flood/drought, and pre-paid expenses.

### **Expenditures:**

Expenditures are associated with each operating fund, as well with each program category. Personnel costs, services and supplies, capital assets and project expenditures are the principal categories. A pie chart graphically shows percentages of expenditures by line item.

### **Fiscal Year:**

The fiscal year is the twelve-month period beginning July 1 and ending June 30 of the following year. The District uses the fiscal year as the basis for reporting financial information a twelve-month accounting period.

### **General Operating Reserves:**

General operating reserves are the balances in each operating fund of the District that remain after all budgeted expenses are paid. Normally, the general operating reserve balance is carried forward from one fiscal year to the next. The value is verified annually by the independent auditor and reported in the annual audit report.

### **Labor Allocation by Operating Funds:**

The Labor Allocation by Operating Funds is a budget schedule that relates employee output to the three operating funds. It shows the output of each employee as a percentage of total time by operating fund. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the operating funds.

**Labor Allocation by Program Category:**

The Labor Allocation by Program Category is a budget schedule that relates employee output to the budgeted program categories. It shows the output of each employee as a percentage of total time by program category. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the program categories.

**Mitigation Revenue:**

This is the revenue derived from the Agreement for Carmel River Mitigation Program between California American Water and Monterey Peninsula Water Management District.

**Program Categories:**

Program Categories are major service programs that have been identified. All expenditures, including labor costs, are allocated to each program category in order to identify what each program actually costs.

**Project Expenditures:**

The Summary of Project Expenditures is a listing of costs for the coming year that are projected as a result of specific projects and programs carried-out by the staff, consultants and contractors. Project expenditures do not include staff compensation for regular employees. It does include Pure Water Monterey water purchase costs.

**Reimbursement Revenues:**

Reimbursement revenues are received from various sources and allocated to offset expenditures related to the revenue source. These reimbursements received by the District are for projects carried-out by the District. Some of these reimbursements include grants, Cal-Am Water Conservation & Rebate Program funds, ASR operations reimbursement, direct-billed reimbursements, etc. All of the reimbursement revenues collected within the fiscal year is related to the expenses in the same fiscal year.

**Revenues:**

Revenues are derived from various sources and allocated to each operating fund. Property taxes, permits fees, water connection charges, water supply charge, Pure Water Monterey water sales revenue, user fees, interest on investments, reimbursements to the District for projects carried-out by the District and grants are the principal revenue sources. Revenues may include a portion of the prior-year fund balance used to offset expenditures. A pie chart graphically shows percentages of revenues according to source.

**User Fees:**

The User Fee is a percentage of Cal-Am ratepayers water bill that is collected and remitted by Cal-Am monthly. The proceeds of the User Fee have been used to support the District's environmental mitigation, conservation and rationing, water supply, and any other purposes.

**Water Supply Charge:**

The Water Supply Charge is a rate or charge that funds costs related to the provision of water. This annual charge raised by the District, 100% of which will support District water supply activities, including capital acquisition and operational costs for Aquifer Storage and Recovery, Groundwater Replenishment, and related water supply purposes for the general benefit of the District as a whole.

**Abbreviations:**

ASR – Aquifer Storage Recovery

IRWM – Integrated Regional Water Management

OPEB – Other Post-Employment Benefits

PWM – Pure Water Monterey

SHRF – Sleepy Hollow Rearing Facility
