General Manager Line Item No.:

Prepared By: Stephanie Locke Cost Estimate: N/A

General Counsel Review: N/A

CEQA Compliance: This action does not constitute a project as defined by the California

Environmental Quality Act Guidelines section 15378.

SUMMARY: At its May 18, 2020 meeting, the Board authorized water from the District Reserve Allocation in an amount of approximately five acre-feet for 66 affordable housing units at 2000 and 2600 Garden Road in Monterey. A condition of approval was that the City of Monterey enter into an indemnification agreement with the District. The City was provided a copy of the indemnification agreement for consideration.

On January 15, 2021, the District received a letter from the City of Monterey declining the indemnification agreement citing concern that the State Water Resources Control Board (SWRCB) might initiate legal action (**Exhibit 2-A**).

RECOMMENDATION: This information is presented for the Committee's information only. No further action is required.

2-A January 15, 2021, Letter from Hans Uslar, City Manager, City of Monterey

January 15, 2021

David Stoldt
General Manager
Monterey Peninsula Water Management District
P.O. Box 85
Monterey, CA 93940

Dear Mr. Stoldt:

At its meeting of May 18, 2020, the Monterey Peninsula Water Management District (MPWMD) considered the Water Demand Committee's recommendation to deny the City's water allocation request. The additional water allocation would have allowed 31 additional 100% affordable units at 2000 Garden Road, and 35 additional 100% affordable units at 2600 Garden Road.

At that meeting a motion was made to deny MPWMD's staff recommendation and approve the allocation of water from the District's reserves as long as the City of Monterey agrees to indemnify and defend the MPWMD. This motion passed 5-2.

The MPWMD has requested that the City sign an agreement, which will hold the City and the affordable housing developer responsible for any potential legal costs as a result of the decision made by MPWMD.

I have to decline the request to indemnify and defend the MPWMD.

I understand that the State's Water Resources Control Board has been closely following the actions by our two elected boards. As a matter of fact, during the meeting on May 18, 2020 the Deputy Counsel of the SWRCB phoned in to let the board know that he was watching the meeting and subsequent actions of the board on this matter. Therefore, it is more than likely that the legal staff of the SWRCB might initiate legal steps against our actions. The high cost to defend the MPWMD's decision cannot be carried by the taxpayers of the City of Monterey.

I regret that the very real threat of potential legal actions by the State Water Resources Control Board will prevent the construction of 66 affordable housing units. Furthermore, this experience amplifies the need for a reliable water source on the Monterey Peninsula.

Sincerely,

Hans Uslar City Manager City of Monterey

Hans Wele

3. UPDATE ON DISTRICT'S WATER FOR HOUSING INITIATIVE

Meeting Date: February 4, 2021 Budgeted: N/A

From: David J. Stoldt, Program/ N/A

General Manager Line Item No.: N/A

Prepared By: David J. Stoldt Cost Estimate: N/A

General Counsel Review: N/A Committee Recommendation: N/A

CEQA Compliance: This action does not constitute a project as defined by the California

Environmental Quality Act Guidelines section 15378

SUMMARY: On November 19, 2020 District staff, City of Monterey staff, and the District's Sacramento consultants (JEA & Associates) met with representatives of the California Senate Housing Committee and staff for a California Senator who provides leadership on housing issues. As a result of that meeting, District staff and JEA decided to pull back its effort and wait until the new local delegation, primarily newly elected State Senator John Laird, was seated and back to work in Sacramento. A revised schedule was presented to the Water Demand Committee at its December 3, 2020 meeting.

Next steps and a revised schedule will be discussed at the February 4th Water Demand Committee meeting.

4. WATER DEMAND FORECAST – UPDATED AMBAG GROWTH FORECAST

Meeting Date: February 4, 2021 Budgeted: N/A

From: David J. Stoldt, Program/ N/A

General Manager Line Item No.: N/A

Prepared By: David J. Stoldt Cost Estimate: N/A

General Counsel Review: N/A Committee Recommendation: N/A

CEQA Compliance: This action does not constitute a project as defined by the California

Environmental Quality Act Guidelines section 15378

SUMMARY: The AMBAG regional growth forecast projects the region's population, housing and employment. The growth forecast is used to support regional planning efforts such as the Regional Travel Demand Model and the Metropolitan Transportation Plan as well as local planning such as the development of General Plans and project review. However, use of the forecast by local land-use planning agencies is elective.

Developing population, housing and employment forecast estimates for the Monterey Bay region consists of two distinct stages. The first stage is the identification of regional and county level forecast figures through the use of widely accepted forecasting methodologies. The second stage is the disaggregation of county-level forecast numbers to the jurisdictional level.

The 2018 Regional Growth Forecast was adopted at the AMBAG Board of Directors Meeting on June 13, 2018. The District utilized the 2018 AMBAG Regional Growth Forecast as an objective third-party scenario for the forecasting of water demand on the Monterey Peninsula in its "Supply and Demand for Water on the Monterey Peninsula" adopted by the Board in May 2020.

The 2022 Regional Growth Forecast was accepted for planning purposes by the AMBAG Board of Directors on November 18, 2020. The 2022 Regional Growth Forecast is scheduled to be formally adopted by the AMBAG Board of Directors in June 2022.

District staff will summarize the updated 2022 Regional Growth Forecast's impact on future water demand at the Committee's February 4th meeting.
