# **ITEM: PUBLIC HEARING**

# 29. CONSIDER ADOPTION OF PROPOSED FY 2019-2020 MPWMD BUDGET AND RESOLUTION 2019-06

Meeting Date:	June 17, 2019	Budgeted:	N/A
From:	David J. Stoldt, General Manager	Program/ Line Item No.:	N/A
Prepared By:	Suresh Prasad	Cost Estimate:	N/A

# General Counsel Review: N/A Committee Recommendation: N/A CEQA Compliance: This action does not constitute a project as defined by the California Environmental Quality Act Guidelines Section 15378.

SUMMARY: At the June 13, 2013 Board Budget Workshop meeting, staff presented the proposed budget for Fiscal Year 2019-2020. After receiving staff's presentation and responses to questions regarding the proposed budget, the Board requested comments and changes have been incorporated in this version of the budget. Staff has reviewed the budget and made further adjustments to the proposed budget. The latest version of the proposed budget for Fiscal Year (FY) 2019-2020 is attached as Exhibit 29-B. While preparing the proposed budget, District staff was mindful of the continued economic conditions as well as the current status of the District's three main funding sources (User Fee Revenue, Property Tax Revenue, and Water Supply Charge). This budget assumes continuation of the adopted annual Water Supply Charge and the User Fee revenue from ratepayers of California American Water in FY 2019-2020. This budget also takes into account District's existing Rabobank ASR loan debt obligation. Proposed expenditures and revenues each total \$18,039,350, which is slightly more for expenditures and revenues from the amount budgeted in FY 2018-2019. A more detailed justification of the proposed budget is provided in the transmittal letter which is part of the budget document. This proposed budget does include the use of reserves to balance the proposed budget. The FY 2019-2020 Budget also assumes payment of \$230,000 towards debt service (interest and principal) for the Rabobank ASR Loan. The budget document has been presented in same format as in prior years.

**RECOMMENDATION:** Staff recommends that the Board adopt Resolution No. 2019-06, A Resolution of the Board of Directors of the Monterey Peninsula Water Management District Adopting the Budget for Fiscal Year 2019-2020.

**BACKGROUND:** After compilation of the original requests from all Divisions, a detailed review and several adjustments by Division Managers and the General Manager, culminated this budget with proposed expenditures and revenues for FY 2019-2020 totaling \$18,039,350, of which \$1,901,000 or 11% includes reimbursement funds from grants, California American Water and other agencies.

In the past, District budgets had been balanced by use of previously accumulated reserves. At the District's strategic planning session on September 29, 2004, staff recommended that a balanced budget be prepared for FY 2005-2006 using a combination of revenue and expenditure adjustments to eliminate the use of reserve funds. At the January 19, 2004 budget workshop, the Board adopted an eight-part strategy for balancing the FY 2005-2006 Budget. In being mindful of the 2005 Board adopted strategy, every effort was made to balance this proposed budget without the use of reserves. This proposed FY 2019-2020 Budget was balanced with the use of reserves to maintain all of District's programs and services. This budget assumes the continued collection of the annual Water Supply Charge and the User Fee revenues from ratepayers of the California American Water.

# **RESOLUTION NO. 2019-06**

# A RESOLUTION OF THE BOARD OF DIRECTORS OF THE MONTEREY PENINSULA WATER MANAGEMENT DISTRICT ADOPTING THE BUDGET FOR FISCAL YEAR 2019-2020

**WHEREAS**, the General Manager has proposed a budget for Fiscal Year 2019-2020, a copy of which is on file at the District's office.

**WHEREAS**, the Board of Directors has examined, and deliberated on, the budget during meetings held on June 13, 2019 and June 17, 2019.

**NOW, THEREFORE BE IT RESOLVED** by the Board of Directors of the Monterey Peninsula as follows:

- 1. That the said budget as approved at the June 17, 2019 Board of Directors Meeting is hereby approved and adopted as the budget for the Monterey Peninsula Water Management District for Fiscal Year 2019-2020.
- 2. That the General Manager may delegate the authority to implement this resolution to the Administrative Services Manager/Chief Financial Officer.
- 3. That the General Manager is authorized and directed to transfer funds from one activity to another within a given fund, and from one Division to another Division, as such times are appropriate, in accordance with generally-accepted accounting principles and consistent with the objectives outlined in the approved budget.
- 4. That any contract for professional services, or other expenditures for procuring equipment, supplies or services, included in the budget that exceeds \$15,000 shall be executed by the General Manager only upon approval by the Board of Directors at a meeting of the Board of Directors.

On a motion by Director \_\_\_\_\_ and seconded by Director \_\_\_\_\_ the foregoing resolution is duly adopted this 17<sup>th</sup> day of June 2019 by the following votes:

Ayes: Nays: Absent: I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 17<sup>th</sup> day of June 2019.

Witness my hand and seal of the Board of Directors this 17<sup>th</sup> day of June 2019.

David J. Stoldt Secretary to the Board

Ayes: Nays: Absent:

I, David J. Stoldt, Secretary to the Board of Directors of the Monterey Peninsula Water Management District, hereby certify that the foregoing is a resolution duly adopted on the 17<sup>th</sup> day of June 2019.

Witness my hand and seal of the Board of Directors this 17<sup>th</sup> day of June 2019.

David J. Stoldt Secretary to the Board

June 17, 2019

Chairperson Evans and Board Members Monterey Peninsula Water Management District 5 Harris Court, Building G Monterey, California 93940

Dear Chairperson Evans and Board Members:

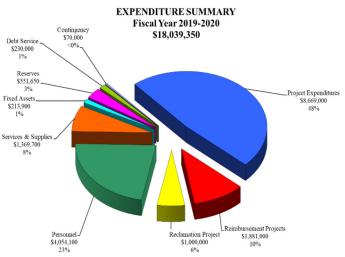

# **Budget Overview**

This letter transmits the recommended budget for Fiscal Year (FY) 2019-2020. While preparing the budget, District staff was mindful of the continuing uncertain economic conditions as well as the current status of the District's existing funding sources, including the user fee revenue. In preparing this year's budget, staff adhered to the strategy to adopt balanced budgets as directed by the Board of Directors in 2005. The FY 2019-2020 Budget does include use of reserves in order to maintain District programs and services, and it does assume continued collection of the previously adopted Water Supply Charge. This budget also includes continued collection of the User Fee revenue from ratepayers of California American Water.

After compilation of the original requests from all Divisions, a detailed review, and several adjustments by Division Managers and the General Manager, culminated this budget with proposed expenditures and revenues for FY 2019-2020 totaling \$18,039,350, of which \$1,901,000 or 11% includes reimbursement funds from grants, California American Water ratepayers and other agencies.

# **Expenditures**

As shown in the graph on the right and in the expenditures portion of the FY 2019-2020 Budget, the budgeted expenditures of \$18,039,350 slightly more from the amount budgeted in FY 2018-2019. The project expenditures portion of the budget includes \$7,183,300 towards water supply projects Aquifer Storage Recovery 1 & 2, Pure Water Monterey (Groundwater Replenishment Project), Local Water Projects, and other Water Supply Projects), \$1,147,700 towards mitigation \$338.000 towards projects, non-

reimbursable conservation & rebate program activities, and \$1,881,000 towards reimbursement

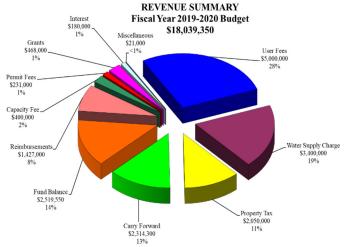

project costs. The reimbursable project expenditure budget includes funds for the operation of ASR 1 & 2, Los Padres Dam Alternative Study, Sleepy Hollow Intake construction, grant funded projects, and conservation rebate program costs. The budget was prepared with the assumption that Cal-Am would continue to reimburse the District for the operation of ASR 1 & 2.

Other large project expenditures include \$133,500 for riparian and erosion control activities, \$1,214,200 for the operation of the Sleepy Hollow fish rearing facility and related fish rescue activities, \$119,300 for lagoon and hydrologic monitoring, \$338,000 for conservation related activities, and \$700,000 for water conservation rebates. The rebate amount is reimbursable by Cal-Am ratepayers. The expenditure budget also includes \$275,000 for design, permitting, construction and operation of a new fish counting weir for fisheries program.

The budget for legal expenses is \$400,000 which is maintained at the same level from last fiscal year. The budget also assumes payment of \$230,000 for debt service (interest and principal) towards the Rabobank ASR loan. The budget also includes \$213,900 for fixed assets purchases. The FY 2019-2020 Budget also includes a Capital Improvement Project Forecast as requested by the Board of Directors in 2005.

# Revenues

The FY 2019-2020 revenue budget totals \$18,039,350 which is slightly more from the amount budgeted in FY 2018-2019. This budget assumes collection of the previously adopted Water Supply Charge for FY 2019-This budget also includes 2020. continued collection of the User Fee revenue in the amount of \$5,000,000 from ratepayers of California American Water. This User Fee revenue projection is based on an estimated collection of revenues by California American Water. Property tax revenues

are projected to be \$2,050,000 which is slightly higher than the amount budgeted in FY 2018-2019 as property values have been increasing over the last few years. Capacity Fees are estimated to be \$400,000, permit revenues are budgeted at \$231,000 are both projected at the same level as prior fiscal year. Projected revenues also include reimbursements of \$484,700 from Cal-Am for ASR 1 and ASR 2 operational costs, \$700,000 from Cal-Am ratepayers for rebates, \$35,000 for services provided to the Seaside Basin Watermaster, and \$468,000 in grant funds for projects as detailed in the expenditure section of the budget.

# Reserves

The following table summarizes the ending balances in the reserve accounts. There are changes to reserve balances as a result of the proposed budget:

Reserve Description	Projected Balance 06/30/19	FY 2019-2020 Change	Projected Balance 06/30/20
Insurance/Litigation Reserve	\$250,000	\$0	\$250,000
Flood/Drought Reserve	328,944	0	328,944
Capital Equipment Reserve	532,000	21,000	553,000
Debt Reserve Fund	221,656	0	221,656
Pension Reserve Fund	100,000	100,000	200,000
OPEB Reserve Fund	100,000	100,000	200,000
General Operating Reserve	17,134,265	(4,810,200)	12,324,065
Totals	\$18,666,865	(\$4,589,200)	\$14,077,665

As the above table indicates the total reserve is expected to have a balance of approximately \$14,077,665, or 87% of the operating budget. The reserve change column has carry-over in the amount of \$2,592,800 and \$2,217,400 use in reserves for the current fiscal year. The current year also includes \$200,000 set aside for pension/other post-employment benefit reserve accounts. The carry-over is money that was not spent in prior fiscal year for projects and so the projects are rolled forward to the current fiscal year.

# Summary

The 2019-2020 Budget was prepared using the strategies adopted in 2005 by the Board of Directors to adopt balanced budgets on an annual basis. The FY 2019-2020 Budget does include use of reserves to balance the budget. This budget assumes continued collection of the District's three main sources of revenues (Water Supply Charge, User Fee, and Property Tax), which will allow the District to maintain its service levels currently provided by the District, and sustain its ability to achieve the objectives in the District's Strategic Plan, including Mission and Vision Statements. The District Management Team would like to thank the Board of Director's and other District employees for their contributions and participation in the development of the FY 2019-2020 Budget. They have made contribution to the development of the budget under difficult circumstances and we acknowledge their efforts. As always, this challenging process has produced an excellent document worthy of recognition.

Respectfully submitted:

David J. Stoldt General Manager Suresh Prasad Administrative Services Manager/ Chief Financial Officer

# **MISSION STATEMENT**

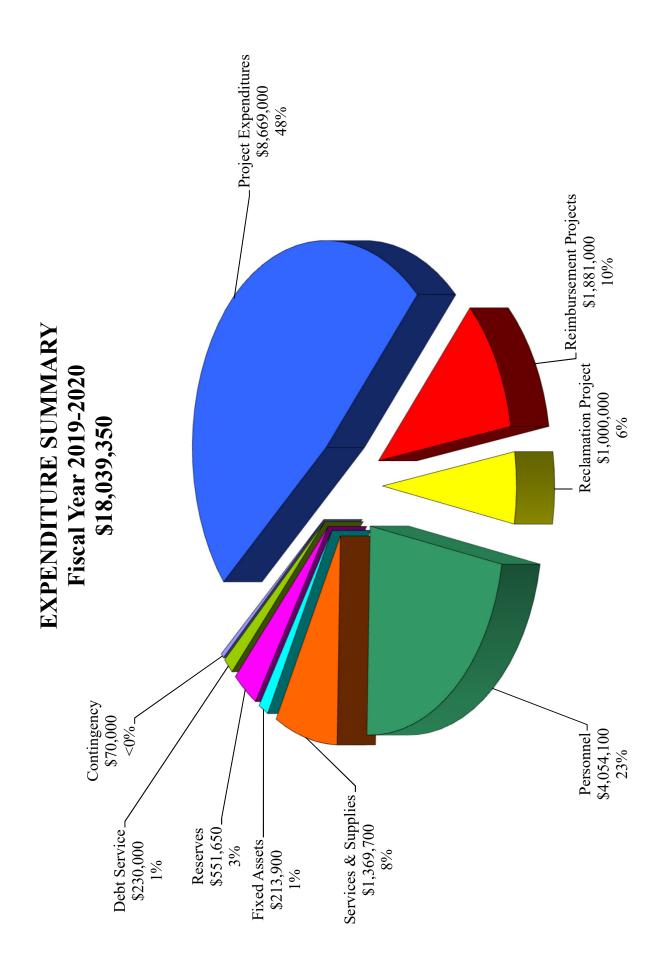

The mission of the Monterey Peninsula Water Management District is to promote or provide for long-term sustainable water supply, and to manage and protect water resources for the benefit of the community and the environment.

## **VISION STATEMENT**

The MPWMD:

 will strive to ensure a public role in development, ownership, and oversight of water supply solutions in collaboration with private or other public entities, resulting in sustainable, legal, affordable, and environmentally responsible water supply, consistent with adopted general plans;

2) shall carry out its leadership role in water resource management in a fiscally responsible and professional manner.

hat governs reservoir releases to the lower Carmel River during the low-flow season. WRD staff coordinates closely with the Planning & Engineering and Water Demand The Water Resources Division (WRD) is comprised of two staff functionary units, the Hydrologic unit and the Fisheries unit. Program responsibilities and services provided include surface and groundwater data collection and reporting programs, fishery protection activities in the Carmel River basin, quarterly water supply strategies and budgets for Cal-Am's main and satellite water distribution systems, and the annual Carmel River Memorandum of Agreement among Cal-Am, CDFG and the District Divisions on certain activities to more efficiently share internal staff resources and expertise. Fisheries Resource Program - Rescue stranded steelhead from the Carmel River; rear rescued fish at the Sleepy Hollow Rearing Facility (SHSRF); rescue downstream migrant smolts in spring and transport them to a holding facility or the ocean; prevent stranding of early fall and winter migrant juvenile steelhead; rescue steelhead kelts and transport them to a holding facility or the ocean; support future interagency captive brood-stock program for landlocked steelhead during successive years of drought; prepare designs, retain contractors and manage construction contracts for SHSRF projects. Carmel River Mitigation Program - Conduct Carmel River restoration projects, including problem assessment, design, bid preparation, permit acquisition, construction management, and project monitoring; install, operate, and maintain high-volume irrigation systems along 15 miles of the lower Carmel River; monitor and assess streamside conditions; provide technical assistance to river front property owners; determine erosion potential; enforce District rules for the Carmel River; assist the Water Resources Division with steelhead rescues and Sleepy Hollow Steelhead Rearing Facility operations; provide technical analysis and advice to agencies responsible for Carmel River lagoon management; Water Resources Management - Prepare quarterly water supply strategy budgets; participate in annual Carmel River Low Flow Memorandum of Agreement process; conduct monitoring and management functions as part of Seaside Basin Watermaster Monitoring & Management Plan; provide technical assistance and expert testimony on Cal-Am rate cases before the CPUC; prepare annual Mitigation Program reports. Water Use and Permitting - Collect, analyze and report data from approximately 1,000 wells and other sources for annual District-wide water production summary; coordinate with Planning & Engineering and Water Demand Divisions on Water Distribution System permitting.

# **BUDGET PROCESS CALENDAR**

# FISCAL YEAR 2019-2020

2019 Target Dates	Action	Responsibility
April 24	Budget Memorandum and Forms Distributed	Administrative Services
May 3	Budget Request Forms Due to ASD	Division Managers
May ??	Budget Review Session	Team Management
May ??	Budget Review Session – Follow Up	Team Management
May 13	Draft Budget Distributed	Administrative Services
June 13	Proposed Budget Presented to Board Budget Workshop	Board of Directors
June 17	Board Adopts Budget Board Sets Appropriation Limit	Board of Directors

# Glossary

# Article XIII (B):

Article XIII (B) is a section of the California State Constitution relating to the amount of a public entities tax revenues that may be expended in a given fiscal year. In the instance of the MPWMD, the article limits the amount of property tax revenue that may be spent in a fiscal year. It is calculated based upon the prior year's limit multiplied by a factor representing annual growth in population and consumer prices. The latter is furnished by the State Treasurer's Office. The calculation, required since the passage of Proposition 13 in 1978, is contained in each District budget and is identified as "Property Tax Appropriation."

# **Budget Assumptions:**

The budget assumptions are generally accepted statements, which if untrue, would materially alter the financial planning and budget of the agency.

# **Capital Assets:**

Capital assets are equipment and components that have a useful life greater than one year and with an initial, individual cost of more than \$1,000 for equipment and \$5,000 for facilities and improvements.

# **Contingency:**

The contingency is a nominal amount budgeted for expenditure for unforeseen emergencies or special purposes requiring Board approval.

# **Designated Reserves:**

Designated reserves are funds set aside by the Board for specific, restricted uses. Examples include capital equipment, litigation, flood/drought, and pre-paid expenses.

# **Expenditures:**

Expenditures are associated with each operating fund, as well with each program category. Personnel costs, services and supplies, capital assets and project expenditures are the principal categories. A pie chart graphically shows percentages of expenditures by line item.

# **Fiscal Year:**

The fiscal year is the twelve-month period beginning July 1 and ending June 30 of the following year. The District uses the fiscal year as the basis for reporting financial information a twelve-month accounting period.

# **General Operating Reserves:**

General operating reserves are the balances in each operating fund of the District that remain after all budgeted expenses are paid. Normally, the general operating reserve balance is carried forward from one fiscal year to the next. The value is verified annually by the independent auditor and reported in the annual audit report.

# Labor Allocation by Operating Funds:

The Labor Allocation by Operating Funds is a budget schedule that relates employee output to the three operating funds. It shows the output of each employee as a percentage of total time by

operating fund. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the operating funds.

# Labor Allocation by Program Category:

The Labor Allocation by Program Category is a budget schedule that relates employee output to the budgeted program categories. It shows the output of each employee as a percentage of total time by program category. This percentage is used throughout the budget as the basis of allocating general and administrative (overhead) costs to the program categories.

# **Mitigation Revenue:**

This is the revenue derived from the Agreement for Carmel River Mitigation Program between California American Water and Monterey Peninsula Water Management District.

# **Program Categories:**

Program Categories are major service programs that have been identified. All expenditures, including labor costs, are allocated to each program category in order to identify what each program actually costs.

# **Project Expenditures:**

The Summary of Project Expenditures is a listing of costs for the coming year that are projected as a result of specific projects and programs carried-out by the staff, consultants and contractors. Project expenditures do not include staff compensation for regular employees.

# **Reimbursement Revenues:**

Reimbursement revenues are received from various sources and allocated to offset expenditures related to the revenue source. These reimbursements received by the District are for projects carriedout by the District. Some of these reimbursements include grants, Cal-Am Water Conservation & Rebate Program funds, ASR operations reimbursement, direct-billed reimbursements, etc. All of the reimbursement revenues collected within the fiscal year is related to the expenses in the same fiscal year.

# **Revenues:**

Revenues are derived from various sources and allocated to each operating fund. Property taxes, permits fees, water connection charges, water supply charge, mitigation program revenue, user fees, interest on investments, reimbursements to the District for projects carried-out by the District and grants are the principal revenue sources. Revenues may include a portion of the prior-year fund balance used to offset expenditures. A pie chart graphically shows percentages of revenues according to source.

# **User Fees:**

The User Fee is a percentage of Cal-Am ratepayers water bill that is collected and remitted by Cal-Am monthly. The proceeds of the User Fee have been used to support the District's environmental mitigation, conservation and rationing, water supply, and any other purposes.

# Water Supply Charge:

The Water Supply Charge is a rate or charge that funds costs related to the provision of water. This annual charge raised by the District, 100% of which will support District water supply activities, including capital acquisition and operational costs for Aquifer Storage and Recovery, Groundwater Replenishment, and related water supply purposes for the general benefit of the District as a whole.
