| Additional Ranking Sheet Comments | 13 14 | 7 6 | 14 19 | 23 16 | 27 27 | 84 82 |
| Directors | 5 | 5 | 6 | 6 | 6 | n/a |

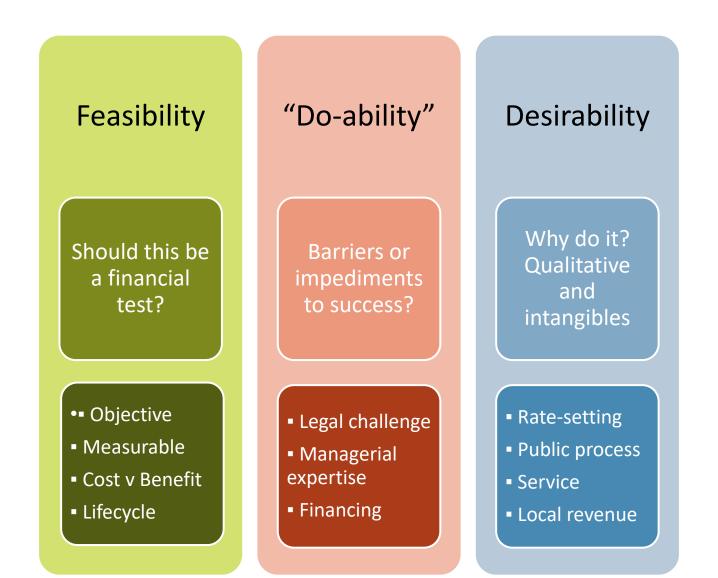

3-Phase Process

Determining Financial Feasibility – Experts Needed

Feasibility vs. Other Concepts

Ranking Sheets

- In an interesting twist of the power of statistics, the average ranking of all 6 Measures of Feasibility was between 3.0 and 4.3
- The average ranking of all 7 Measures of Desirability was between 3.4 and 4.5
- In other words, almost as many people ranked a measure as their most important as ranked it as least important, and then ranked their intermediate criteria approximately the same.
- The community is split we cancelled each other

Ranking Standards of Financial Feasibility

| | Division 1 | Division 2 | Division 3 | Division 4 | Division 5 |
|-----------------------------|---|---|---|--|---|
| Most Important | Immediate Savings | Can handle a slight increase in cost if cheaper over time | Can handle a slight increase in cost if cheaper over time | I may not save in first year, but future increases will be lower | Can handle a slight increase in cost if cheaper over time |
| Second Most Important | Even if operating costs are the same, future capital projects will be cheaper | Don't care if there is savings until after debt paid off | Don't care if there is savings until after debt paid off | Immediate Savings | Immediate Savings |
| Least Important | Immediate Savings | (tie) Immediate Savings Don't care if there is savings until after debt paid off | Immediate Savings | Immediate Savings | Don't care if there is savings until after debt paid off |

Ranking Standards of Desirability

| | Division 1 | Division 2 | Division 3 | Division 4 | Division 5 |
|-----------------------------|---------------------|-----------------------------------|---------------------|---|-------------|
| Most Important | Lower Costs | Lower Costs | Lower Costs | Lower Costs | Lower Costs |
| Second Most Important | Economy | (tie) Economy Participation | Economy | Community Values | Leadership |
| Least Important | Community Values | Community Values | Community Values | (tie) Community Values Lower Costs | Lower Costs |

Conclusions?

Based on the most and least important criteria, the community is split.
