

ADMINISTRATIVE COMMITTEE – revised July 10, 2018

2. CONSIDER EXPENDITURE TO CONTRACT FOR CONSTRUCTION AND RELATED SERVICES TO COMPLETE THE CARMEL RIVER BANK STABILIZATION AT RANCHO SAN CARLOS ROAD PROJECT

Meeting Date: July 10, 2018

Budgeted: Yes, partially

From: David J. Stoldt,
General Manager

Program/ Protect Environmental
Quality

Line Item No.: 2-2-1

Prepared By: Larry Hampson

Cost Estimate: Up to \$827,000

General Counsel Review: N/A

Committee Recommendation: The Administrative Committee reviewed this item on July 10, 2018 and recommended _____.

CEQA Compliance: An Addendum for this project was approved by the Board on March 19, 2018.

SUMMARY: Staff proposes to complete a streambank stabilization project along the Carmel River downstream of the Rancho San Carlos Road Bridge, about four miles east of the Pacific Ocean. Project work includes 300 cubic yards of excavation, 225 cubic yards of imported fill, import and placement of 950 tons of rock riprap, installation of 160 lineal feet of log crib wall, installation of 60 lineal feet of logs and boulders, seeding and installation of erosion control fabric. The District advertised for bids during the month of June 2018 and received three bids, with the lowest bidder being Empire Landscaping, Inc. at a cost of \$517,365 as shown in **Exhibit 2-A**. Additional work and the total estimated costs to construct the project are \$800,000, which includes a contingency amount of \$250,635 or about 45% of the project cost. It is unlikely that all of the contingency would be expended. The cost of completing the project with the next highest bidder is estimated at \$827,000, which is \$27,000 more than the FY 2018-19 budget for the project.

RECOMMENDATION: The Committee should recommend that the Board of Directors:

1. Authorize the General Manager to enter into a contract with Empire Landscaping, Inc., for construction of the Carmel River Bank Stabilization at Rancho San Carlos Road Project at a cost Not-to-Exceed \$517,365.
2. Authorize the General Manager to approve service contracts for associated tasks for up to \$32,000.
3. Authorize the General Manager to approve change orders to the construction and service contracts or for new service contracts for the Project to allow for unforeseen items up to a total not-to-exceed amount of \$250,635.
4. Should the District be unable to contract with Empire Landscaping, Inc, and need to

contract with the next highest bidder, the General Manager would be authorized to execute contracts for up to a cost not-to-exceed \$827,000.

DISCUSSION: The proposed Carmel River Bank Stabilization at Rancho San Carlos Road Project (RSC Project) is located at River Mile 3.8 (measured from the Pacific Ocean) just downstream of the Rancho San Carlos Road Bridge. The project area contains two eroding stream banks almost opposite from each other. Concern for the stability of the right bank (looking downstream) on APN 015-251-027, Moratz Property started in 2011 and interim measures such as jute netting, willow planting, and irrigation were carried out in an effort to stabilize the bank. In February of 2017, during a high flow event of 9,570 cubic feet per second at the U.S.G.S Near Carmel gage, the left bank along APN 157-121-027, Quail Lodge Property experienced significant erosion and up to about 55 feet of streambank was eroded along 300 lineal feet.

During the high flows, numerous large cottonwood trees toppled out of the river bank and culturally significant Santa Barbara Sedge beds were lost. Currently, the left bank is vulnerable to erosion from high flows because it has lost its protective vegetative cover and is on the outside of a meander bend in an area that can erode during high flows. Because these vulnerable streambanks are so close together, work on one bank can impact the other. Therefore, a comprehensive project addressing both banks is being proposed.

A log crib wall will protect the most severely damaged portion of the left bank. Logs with rootwads and boulders will be placed along the right side of the project area to protect the streambank. Disturbed areas will be seeded and replanted with native riparian cuttings. An irrigation system will be installed and maintained by the District.

Staff has applied for necessary permits from local, state and federal agencies. At their March 19, 2018 meeting, the Board of Directors adopted findings and certified an Addendum to the Carmel River Management Program Environmental Impact Report. MPWMD has requested affected property owners enter into a 10-year maintenance and access agreement to carry out the project. All authorizations will need to be complete before the Contractor is given a Notice to Proceed with the Project.

Table 1 – Summary of Costs for Low Bidder

Construction	\$ 517,365
Establish Survey Control	\$ 2,000
Inspection/testing	\$ 5,000
Record Drawings	\$ 25,000
Contingency	\$ 250,635
Total	\$ 800,000

The District received two additional bids from the Mercer-Fraser Company for \$794,980 and from Graniterock for \$799,677.50. The low bidder, Empire Landscaping, Inc., clarified bid documents by informing the District about which firms would be used for archeological monitoring and testing services.

Should the District be unsuccessful in executing a contract with Empire Landscaping, Inc., the District could elect to contract with the next highest bidder. The estimated costs of the project for contracting with the Mercer-Fraser Company would be \$827,000 and would include a 10% contingency as shown in Table 2 below.

Table 1 – Summary of Costs for Next Highest Bidder

Construction	\$ 794,980
Establish Survey Control	\$ 2,000
Inspection/testing	\$ 5,000
Record Drawings	\$ 25,000
Contingency	\$ 80,020
Total	\$ 827,000

IMPACTS ON STAFF AND RESOURCES: The FY 2018-19 budgeted amount for this project is \$800,000. Several District staff will be involved in the project assisting with project management, inspections, permit compliance, fish rescue, revegetation, and monitoring. The work will be performed under the direction of the District Engineer.

July 5, 2014
Project No. 12-0045

Monterey Peninsula Water Management District
5 Harris Court, Building G
Monterey, California 93940

Attention: Maureen Hamilton, Project Manager

Subject: Proposal for Construction Support and Engineering Services – Santa Margarita ASR Site Expansion Project

Dear Ms. Hamilton:

In accordance with your request, Pueblo Water Resources, Inc. (PWR) is pleased to submit this proposal in association with the ongoing Monterey Peninsula ASR Project. Presented in this proposal is a detailed scope of work, estimated costs, and schedule to provide engineering and construction management services for the expansion of the Santa Margarita ASR Facility at 1910 General Jim Moore Blvd. in Seaside, CA.

PURPOSE AND SCOPE

The purpose of the proposed work is to provide construction support and construction management services related to the Santa Margarita ASR Facility expansion project. The tasks presented in this proposal are intended to supplement the existing design engineering and hydrogeologic services which are currently being performed by Pueblo, and include the following.

- Preconstruction assistance and Stakeholder coordination
- Construction observation and Management Support
- Internal Project Management
- Project closure and Record Drawing documentation

Scope of Services

Task 1 – Project Contract Award and Preconstruction Assistance

This task includes assisting District staff with the project-related items associated with bid award and preconstruction activities. These activities cover the time period between contract award and the commencement of construction work. Specific work items in this task include the following:

- Review and confirmation of contractor schedule
- Attend a Preconstruction Meeting
- Develop suitable exhibits for a presentation to the Seaside City Council for the architectural and site improvements
- Attend a meeting at Seaside City Council to present the project work as an informational agenda item.

For this task we assume that a contract award will be made by the MPWMD Board in a timely manner, and no contract award disputes will arise.

Task 2 – Construction Observation and Construction Management Support

This task includes assisting the District with the oversight and management of construction activities by the contractor, and act as liaison between the contractor and the District. Services under this task are envisioned to include the following:

- Compliance monitoring for UXO requirements, Mitigation Monitoring Plan requirements, Grading and Excavating on the Former Fort Ord permit conditions, and Encroachment Permit conditions.
- Review and coordinate approval of Contractor schedules.
- Coordinate review and responses for submittals and RFIs.
- Documentation of field quantities.
- Review of progress payment requests.
- Review and evaluation of Change Order requests.
- Maintain photographic and video records of construction progress.
- Coordinate Geotechnical inspection and testing.
- Coordinate special inspections and testing for concrete, masonry, rebar, and anchor placement.
- Coordinate inspection, isolation, flushing, and testing of water lines with Cal-Am.
- Develop final project Punch List and Final Project Inspection records.
- Review redline drawings.

As project construction progresses, the magnitude of on-site services may expand due to unforeseen subsurface conditions, archeological, environmental, ordnance discoveries, or other issues; our proposed on-site observations schedule assumes approximately 16 hours/week of field time for 10 weeks. Adjustments to field schedule and scope of observation services may be warranted as the project progresses.

Task 3 – Project Management (Internal)

This task consists of overall project management, including the preparation of routine project correspondence, invoices, and monthly budget status updates. Effective project communication is critical for the success of the project. In consultation with the District, a project e-mail distribution list will be established through which routine project status reports will

be provided. Pueblo will maintain a log of action items and correspondence to ensure routine procedural items do not become critical path project delays.

Task 4 – Project Closure and Record Drawing Documentation

Upon completion of contractor punch list items and final project acceptance inspection, Pueblo will coordinate and document final project conditions and records for District reference files. Activities performed under this task will include the following:

- Provide a final topographic record of survey for the full parcel to serve as a record of contract work and as a reference for future phases of site development.
- Prepare final Record Drawings documenting the as-built conditions of project construction. The drawings will be stamped by the project Engineer of Record.
- Provide a Letter of Substantial Completion for the project documenting the satisfactory completion of the work, and any project anomalies or issues to be addressed in subsequent phases of construction.

Materials will be finalized in electronic format (pdf) wherever possible, and two hardcopies of the project binder will be provided.

Services Not Included

Services which are (or may be) necessary for the completion of this project, which are not included in our proposal include the following:

- Water-quality sampling and analyses for water discharges or potable water system compliance (assumed District and/or CAW provided);
- Construction of any site facilities;
- Permit fees;
- Cost of water, electricity, or other utilities;
- Any others items not specifically included in PWR's scope of services.

Estimated Fees and Schedule

Based on the scope of services presented herein, we estimate the fees for our services will be \$87,304; which will be billed on a time-plus-expenses basis in accordance with our current Fee Schedule (attached). An estimated fee summary worksheet is also attached summarizing the estimated man-hours and costs per task/work item.

We understand that in order to authorize this work, your Board must first approve a formal contract amendment. Based on our current workload, we believe that we can commence work within one week of your authorization; based on our estimates of project schedule, we believe the work will be completed by the end of calendar year 2018.

We appreciate the opportunity to provide assistance to the District on this important water supply project. If you require additional information regarding this or other matters, please call us.

Sincerely,

PUEBLO WATER RESOURCES, INC.

Total Amount Bid for All Items:					\$ 591,721-
Total In Words: Five Hundred Ninety One Thousand, Seven Hundred Twenty One \$ 00/100					

The undersigned has examined the location of the proposed work and/or is familiar with the Specifications and the local conditions in the place where the work is to be done.

The undersigned has checked carefully all the above figures and understands that the District shall not be responsible for any errors or omissions on the part of the undersigned in making up this bid.

The undersigned understands that the District reserves the right to reject any or all bids, and to waive any irregularities or informalities in bids received. Award shall be made which, in the judgement of the District, is to the best interest of the District. It is agreed that this bid may not be withdrawn within a period of 90 days after the date set for the opening thereof.

In accordance with the Construction Specifications, the undersigned further agrees to so plan the work and prosecute it with such diligence that said work shall be commenced within 10 days after issuance of the notice to proceed, and the work shall be completed by November 30, 2018.

The undersigned agrees, if awarded the contract, that there shall be paid by the undersigned and all subcontractors under him, to all laborers, workmen, and mechanics employed in the execution of such contract or any subcontract thereunder, not less than the general prevailing rate of per diem wages, and rates for overtime and legal holidays in the locality in which the work is to be performed, as established by the State Director of the Department of Industrial Relations.

The undersigned or his or her subcontractors currently possess and agree to maintain valid **Contractor's Licenses** issued by the State of California necessary to prosecute the work.

CERTIFICATION OF CORPORATE RESOLUTION

The directors of Granite Rock Company, a corporation organized and existing under the laws of the State of California, duly approved, on March 18, 2017, in accordance with the Articles of Incorporation and Bylaws of the corporation, the following resolution:

RESOLVED, that each of the following persons is fully authorized to sign bid and contract documents on behalf of Granite Rock Company, doing business as Graniterock, and to bind the corporation with respect to such documents:

Kevin Jeffery	Henry Ramirez
Rodney Jenny	Rich Sacher
Aaron Johnston	Steve Snodgrass
Mark Kaminski	Tom Squeri
Shirley Ow	

I, Kevin Jeffery, Vice President and Secretary of Granite Rock Company, do hereby certify that I am the Vice President and Secretary of such corporation, and that the above resolution was duly adopted by the Board of Directors of such corporation, and that such resolution has not been revoked or rescinded.

In witness whereof, I have hereunto subscribed my name and affixed the seal of such corporation.

CONTRACTOR'S EXPERIENCE QUALIFICATIONS

The Bidder as Prime Contractor must have completed at least \$5 million in construction volume within the last 5 years, with at least one project having a contract value of \$500,000, on the following types of projects:

- Pipeline installation involving trenching. At least one project must have included installation of 10-inch or larger ductile iron pipe.
- At least one project including excavation and compaction of at least 2,000 cubic yards of soil.

The Bidder or its subcontractor must have completed at least three CMU wall construction projects at least 6 feet in height, 50 feet in length, providing soil retention function as designed by a professional engineer.

The Bidder has been engaged in the contracting business, under the present business name for 118 years. Experience in work of a nature similar to that covered in the bid extends over a period of 29 years.

The bidder, as a contractor, has never failed to satisfactorily complete a contract awarded to him, except as follows:

None

The Bidder as Prime Contractor shall list projects meeting the Contractor's Experience Qualifications in the following table for the bid to be considered responsive:

Year	Project Location and Contracting Firm/ Agency	Contract amount (\$)	Provide Name and Telephone Number of Person(s) That Can Be Contacted Regarding Work
	Please see attached Project Experience List.		

Please attach additional sheet(s) as needed.

BID BOND

KNOW ALL MEN BY THESE PRESENTS: That we

Granite Rock Company Principal,
and Western Surety Company Surety, are held and firmly bound unto
Monterey Peninsula Water Management District Obligee,
in the sum of

Ten percent (10%) of the total amount bid----- Dollars (\$ -----)
for the payment of which we bind ourselves, our legal representatives, successors and assigns,
jointly and severally, firmly by these presents.

WHEREAS, Principal has submitted or is about to submit a proposal to Obligee on a contract
for

Santa Margarita ASR Backflush Basin Expansion Project

NOW, THEREFORE, if the said contract be awarded to Principal and Principal shall, within
such time as may be specified, enter into the contract in writing and give such bond or bonds as
may be specified in the bidding or contract documents with surety acceptable to Obligee; or if
Principal shall fail to do so, pay to Obligee the damages which Obligee may suffer by reason of
such failure not exceeding the penalty of this bond, then this obligation shall be void; otherwise to
remain in full force and effect.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Lawrence J Coyne, Charles R Shoemaker, Nancy L Hamilton, Roger C Dickinson, Stanley D Loar, Kelly Holtemann, Mark M Munekawa, Nerissa S Bartolome, Joan DeLuca, Yvonne Roncagliolo, Thomas E Hughes, Patrick R Diebel, Alicia Dass, Individually

of San Francisco, CA, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 17th day of August, 2017.

WESTERN SURETY COMPANY

Paul T. Bruflat, Vice President

State of South Dakota
County of Minnehaha

}

ss

On this 17th day of August, 2017, before me personally came Paul T. Bruflat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is the Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

My commission expires

June 23, 2021

J. Mohr, Notary Public

CERTIFICATE

I, L. Nelson, Assistant Secretary of WESTERN SURETY COMPANY do hereby certify that the Power of Attorney hereinabove set forth is still in force, and further certify that the By-Law of the corporation printed on the reverse hereof, is still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said corporation this 18th day of June, 2018.

WESTERN SURETY COMPANY

L. Nelson, Assistant Secretary

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.
