

PUBLIC HEARING ITEM: 15. CONSIDER APPROVAL OF A CEQA ADDENDUM TO THE MITIGATED NEGATIVE DECLARATION FOR THE SLEEPY HOLLOW STEELHEAD REARING FACILITY UPGRADE

Meeting Date: July 16, 2018

Staff contact: Larry Hampson

Addendum Description

- Disposal offsite of up to 2,000 cubic yards of excavated material from the Sleepy Hollow Steelhead Facility Upgrade.
- Offsite disposal area owned by California American Water Company

Project Location

Board to consider CEQA actions

- The Board of Directors is acting as an independent body to consider all information in the record including:
 - Initial Study and Mitigated Negative Declaration approved by the Board on November 14, 2016
 - Addendum No. 1 approved by the Board on January 25, 2017 (correct DPS description)
 - Addendum No. 2 approved by the Coastal Conservancy on November 30, 2017 (revise a Mitigation Measure)
 - Any written or oral comments received at the July 16, 20178
 Public Hearing
 - Proposed Addendum
- Must be able to make a determination that the work proposed in the Addendum will not have a significant effect on the environment

Board to consider CEQA analysis

- Effects of excavation and equipment use were previously studied in the IS/MND
- There would be no new and significant effects from earthmoving activities
- There are no new mitigation measures required to reduce effects to a less than significant level
- Including the disposal site in the project is a technical change
- An Addendum is appropriate

Recommendations

- Recommendation 1:
 - Accept any written or oral comments and address any written or oral comments received at the Public Hearing;
- Recommendation 2:
 - Adopt CEQA Findings of Environmental Review;
- Recommendation 3:
 - Adopt Resolution 2018-16 certifying the Addendum.
