Subject: **Outside seating**

Dear Monterey Peninsula Water Management District,

We need your help! For restaurant owners in Carmel to survive, we need a modification to MPWMD rules to allow for an exchange in seating. With the Shelter-In-Place ordinance, we have had to either close our doors, or move to take-out only business models. When we are able to re-open our dining rooms, our occupancy levels will be significantly decreased due to new measures required for social distancing and for our guests to feel comfortable dining in. This is why we need to allow for the exchange in seating, the Carmel City Council is working with us so that we're able to open our doors and survive these trying times.

Thank you for your time, consideration, and assistance.
