

NOTICE OF ADMINISTRATIVE HEARING

Today's Date: March 22, 2022
Hearing Date: April 6, 2022, beginning at 11:00 a.m. -- MPWMD meeting conducted with virtual (electronic) participation using Zoom. **See second page of Notice for meeting information.**
Item: Consider of Approval of a Water Distribution System Permit for a Replacement Well to irrigate the recreation fields at Carmel Middle School in Carmel Valley.

The Monterey Peninsula Water Management District Hearing Officer will consider Application #WDS-20220119CAR submitted on January 19, 2022, by the Carmel Unified School District. Approval would grant a Water Distribution System Permit (WDS) to the Carmel Middle School to allow a Replacement Well to irrigate the landscape around the school and the sports fields on four Parcels, 015-162-028-000 (Well Site), 015-162-029-000, 015-162-014-000, 015-162-015-000. System Limits would be set at 37 acre-feet annually which reflects the historical average. The Replacement Well was approved by Monterey County Environmental Health Bureau and was drilled in 2021 to replace a failed irrigation Well that had been used since 1962.

MPWMD staff recommends approval of the application with conditions of approval that comply with the minimum standards specified in MPWMD Rule 22-C, based on evidence in the record, and the mandatory conditions required in Rule 22-D. The complete information package for this public hearing, including Findings and Conditions of Approval, will be available for review on the District's website no later than April 1, 2022. If you are unable to participate at the hearing, written comments should be received at the District office no later than 3:00 PM on April 5, 2022. Comments may also be submitted by email to skister@mpwmd.net. Please note that any public hearing may potentially be continued to a different date and time.
